

Meyer® PATH PRO™

Get year-round productivity from your ZTRs.

Adding Meyer® Path Pro™ snowplows to your ZTRs will turn your mowers into year-round money makers. Backed with the industry's only five-year warranty, Meyer Path Pros are built to take a beating. And because Path Pros are made by the leader in commercial snowplows, you know they are designed specifically for faster and better snow removal. Path Pro mounts are custom-made for leading ZTRs and moldboards are available in 50", 60" and 72" lengths.

Patented Self-Angling or Loc-n-Go... The Choice Is Yours

Self-Angling

Path Pro comes with automatic self-angling. It works by sensing which side of the plow is gathering the most snow, then automatically angles the blade in that direction.

Loc-n-Go System

If you prefer, you can lock the plow in one of five different positions using the Loc-n-Go system.

Unique Highway Plow Design

The Meyer Path Pro is a commercial-grade, full-trip plow available in 50", 60" or 72" widths. Its 65° attack angle scrapes the surface more cleanly than standard straight blades. The highway-plow inspired flared wings scoop and funnel the snow faster and throws it farther than competitive blades.

Raise and Lower With Ease

Use the existing ZTR mower deck foot pedal to raise and lower the Path Pro.
