

MDL SERIES

MEDIUM DUTY RAIL GATE

1,250 lb. – 3,000 lb. Capacities

Chain and Sprocket Drive Offers Weight Savings, Reduced Maintenance, and Greater Load Stability Over Competitive Arcing Design.

Optional Aluminum Platform Shown

STANDARD MDL SERIES ADVANTAGES INCLUDE:

- Applications - straight trucks, cube, cutaway, or step vans, flat beds and dual wheel service bodies
- Level ride lift - maximum load stability, with straight vertical platform movement
- Standard steel, anti-skid treadplate platform and ramp for better grip - available with aluminum platform up to 60" deep (larger platforms available by special request)
- Anti-skid treadplate platform and ramp for better grip
- Compact, weight saving design increases payload and fuel efficiency
- Built-in toe deflector
- Reduced Maintenance™ with integrated 12 VDC motor, tank and pump enclosed in the weather protected housing
- UHMW - Slide pads on runners

OTHER STANDARD FEATURES:

- Power unit installed, tested and enclosed in weather protected housing
- Charge line circuit protection
- Torsion bar assisted platform makes it easier to open and close
- Meets TMC specifications
- Powder coat finish on key liftgate components produces a high-quality finish that is exceptionally resistant to corrosion and abrasion

Products shown may feature optional equipment.
Content subject to change without notice.

Easier handling of wheeled carts, bins and racks with this level-ride platform liftgate.
