

2016-2017 CANBY COMMUNITY PRESCHOOL PARENT HANDBOOK

Welcome to Canby Community Preschool. This handbook is designed to help families familiarize themselves with the school's program and responsibilities of its membership.

The preschool began in the fall of 1995 as Canby Cooperative Preschool. When the program separated from Canby School District in the spring of 2002 the name was changed to Canby Community Preschool, also known as, CCP. The preschool was designed through a cooperative effort to include the thoughts and opinions of parents, staff, and community members. As a parent cooperative, responsibility is shared by all member families to ensure a successful ongoing program. The goal of the preschool is to provide a balance of experiences for children promoting physical, emotional, social, and intellectual development along with education for parents.

Canby Community Preschool is a member of the Parent Child Preschool Organization (PCPO). PCPO is a nonprofit organization of more than 60 cooperative preschools and kindergartens with a membership of approximately 2,400 families and teachers. PCPO was founded in 1956 by eight Portland preschools to promote the exchange of ideas among schools and to aid in the forming of new co-ops.

PCPO is an affiliate of Parent Cooperative Preschools International (PCPI), whose purpose is across state and national boundaries sharing the philosophy that "children, parents, and teachers go to school together, each learn from the other."

6 FINES

1. PHILOSOPHY

At Canby Community Preschool our philosophy is to nurture a child's individuality and innate curiosities while instilling the desire to be a lifelong, inquisitive learner inspired by the world around them. It is our goal that every child will find that learning is an exciting and enriching adventure.

Our preschool setting is designed to support a child's growth in four developmental areas: brain, self-regulation, social/emotional and academic skills. We believe children learn best through direct interaction, also referred to as "hands on play", while exploring their surroundings. Children need time to play, problem-solve, observe, predict, explore and create to begin to construct an understanding of school, community and the world they live in.

Parent participation is an essential element of our school and their presence enables the teachers to offer activities and experiments that would be difficult without the extra support. Having parents in the classroom also increases a child's confidence. Parents work alongside the teachers, bringing the classroom alive with fun activities the children thoroughly enjoy.

We celebrate and accept that every child is a unique individual. At CCP we believe what truly makes a difference in a child's life, beneath all the methods, materials and the curriculum is a teacher who cares about each child and who teaches from the heart.

2. OBJECTIVES

The preschool strives to meet the following objectives for each child:

- Help the child develop a strong sense of self and relate to others socially
- Promote growth in visual, auditory, and tactual perception
- Allow movement experiences for development of physical and motor skills
- Provide exposure to different cultures, disabilities, and ethnicities
- Promote creative expressions through art, dance, music, cooking, and storytelling
- Encourage a foundation for basic math and science concepts
- Develop problem-solving techniques
- Build a foundation for abstract experiences
- Prepare the child for success with consideration of each child's developmental stages

3. BENEFITS FOR THE PARENT

As a member of a cooperative preschool, adults are provided benefits too:

- Build friendships with other parents with preschool-aged children
- Expand upon problem-solving tools in handling children's frustrations
- Learn realistic expectations for the child
- Discover local child-friendly businesses and activities
- Gain comfort with school involvement
- Access to numerous educational opportunities

4. PARENT INVOLVEMENT

4.1 RESPONSIBILITIES OF THE PARENT

In order to accomplish the cooperative preschool objectives, the parents must be willing to:

- Help in the classroom
- Support fundraising activities
- Participate in parent education opportunities
- Use the time provided to enjoy their child and other preschoolers

Lice checks will be conducted as needed. A child found with lice will be sent home immediately and not allowed to return until lice and nit free. Weekly checks for one month will follow. Adequate sleep is essential to good learning. Let the child know school is important by establishing routines for going to bed, getting up, dressing, and eating.
