Background:

We are offering this scholarship to help an individual wanting to pursue a career in Medicine. The Pulelehua Scholarship is named after our daughter and youngest child. We have three children and all of them needed critical care at birth and in the early stages of their lives. There were many Doctors and Nurses that have contributed to help our babies grow to become Healthy and Strong. This scholarship will give a student the opportunity to help families in a Medical capacity and overall help the Health of our community. Ultimately, there have been so many people in the Medical field that have helped our family, so this is our small gift of appreciation to the community that has given us so much. "To whom much is given, much is expected."

Best of luck,

Mana and Keilah Silva
