

# PRODUCT PROFILE 2018

Proudly brought to you by Petrow Food Ingredients  
Supplier of the World's Finest Ingredients

For everyday flavour lovers  
looking to spice up their lives,  
Gemini is the brand that gives you

*inspiration*

to cook with pride.

For over 30 years, Gemini  
spices and seasonings have been  
giving you extra freshness, flavor and  
quality from around the world.

OUR HERBS & SPICES ARE

*cryogenically  
milled*

to ensure aroma, freshness and flavor.

During cold grinding the ingredients are cooled and embrittled with cryogenic liquid nitrogen. This allows for finer products of a better quality and a significantly higher throughput than with classical grinding processes.

Mill cooling means that the ingredients are treated gently and a significantly higher share of the Volatile Oils are conserved.
