

Dear Participant:

United Cambodian Association provides nutritious meals each day. The amount of reimbursement the United Cambodian Association receives for meals from the Child and Adult Care Food Program (CACFP) depends on the household incomes of participants in care.

Please help by filling out the enclosed Household Income Statement following the instructions. The information you provide on the form is confidential.

Return your completed Household Income Statement to:

**United Cambodian Association
1385 Mendota Heights Rd
Mendota Heights, MN 55120**

How will my information be used?

CACFP funds help our center to provide nutritious meals and snacks to all participants. The amount of reimbursement the center receives for meals depends on how many participants meet the federal income guidelines for CACFP.

How will my information be kept?

We will keep your information on file as private data. The back page of the Household Income Statement has more information about data privacy.

I am already approved for Medical Assistance or other benefits. Do I meet CACFP household income guidelines?

If you currently receive benefits from any of the four programs listed below, write in just your case number on the form instead of your household income information:

- Medical Assistance (M.A. or Medicaid).
- Supplemental Nutrition Assistance Program (SNAP).
- Supplemental Security Income (SSI).
- Food Distribution Program on Indian Reservations (FDPIR).

If you don't participate in any of the programs listed above, please write in your household income on the form.

Who is included in my household?

For the purpose of filling out the Household Income Statement, include yourself. If you have a spouse who is living with you, also include them. Do not include anyone else as household members unless they are your dependents and live with you.

Who can complete and sign the form?

The Household Income Statement may be completed and signed by the adult participant, or any other adult family member, or a legal guardian.

Do I need to provide my Social Security number?

If the adult participant or another family member signs the form and provides information on household incomes, then the person signing the form must write in just the last four digits of their Social Security number. If the person signing the form doesn't have a Social Security number, indicate that on the form.

What if I have special dietary needs?

If a physician has determined that you have a disability that prevents you from eating the regular meals, we will make meal substitutions or modifications prescribed by your physician at no charge. The disability must meet the definition of disability or handicap in federal regulations. Please contact the center director for more information.

What if I or someone else in my household is not a U.S. citizen?

You still should complete a Household Income Statement. You and other members of your household do not have to be U.S. citizens for you to fill out the form and receive CACFP benefits.

If you have other questions or need help completing the form, call **651-900-5248**.

Sincerely,

A handwritten signature in blue ink that reads "Christine Twait". The signature is written in a cursive style.
