MELVILLE, N.Y., June 6, 2017—BZ Media LLC announced today that the number of media and association partners supporting InterDrone had pushed past 300, exceeding last year's record total of 254. "Equally important are the partner thought-leadership contributions, which are reflected in topic selection, the all-star speaker lineup and in the unmatched quality of the peer-to-peer interactions in both the session rooms and on the exposition floor."

InterDrone 2017 has especially deep penetration into key UAV vertical markets like precision agriculture, construction, mining, cinematography, infrastructure inspection and emergency response and has added specific enterprise tracks to the technical program to meet demand.
