

ASDAN

Level 1 Working with Others (In a group/team)

Plan > Do > **REVIEW**

What do you think went well in working with others in a group?

(e.g. The speed we worked at, sharing boring jobs out, being able to do what we are good at, encouraging each other)

What went less well, in working with others in a group?

(e.g. Arguments, problems with passing messages on, how much each of us did)

How did you help to achieve the group tasks? (e.g. I encouraged others, made sure everyone kept to time, did things that were not my job)

How could you improve your work with others for next time? (e.g. Listen to others, plan my time better)

"I confirm that the candidate has been observed carrying out discussions on the above and has:

- *identified how they helped achieve things together*
- *identified what went well and less well, and suggested improvements for working with others next time."*

Witness/assessor (signature):
(e.g. tutor, supervisor, course leader)
