| Rosanna | Life Coach | ATT | Aimee | NAG | APP | | | |

1. Introductions . . .

We all introduced ourselves

2. Why are we doing this? Do we need to look at it in more depth? Primary Aim, 'Best Provision for Young People in Coalville, (for now later NWL), aged 11 to 25'?

Colin explained how the idea came about to attempt to form this group

The Primary Aim of the Group will be

The Best Provision for Young People in Coalville aged with a core age of 11 to 19

With the flexibility for 8 to 10 year olds and 19 + for people who need additional support

There is some evidence around about needs of young people – may be useful to collate this information to gather evidence for future work

It was also agreed statistics would be useful

Very important to capture the Voice of Young People – Maybe a Youth Council that runs alongside this group

3. 'Coalville Consortium - Working Together for Young People' is a working name – do we want to change it

For now, it was decided this would be ok – 'Coalville Consortium - Working Together for Young People'

However it was also decided for the time being we would be flexible and fluid and would eventually need some terms of reference

4. Active Communities Bid – Were we successful and the way forward

We were ordinarily told we would know the outcomes of these bids by the 16th January, this has not happened. We do not really know why. But the outcome should be known by 27th January

We do know there were 6 bids, 3 were youth related

5. Alison – CEO Young Leicestershire – Volunteer Passport & other benefits from being involved with YL

Alison shared the benefits of Young Leicestershire with the group

6. Chris – Stronger and Safer Communities Team Manager - NWL District Council – How we can all link up

Chris suggested there was a need for this group and that there had been a lack of communication around young people's issues and joint working

NWL will continue to share young people relate information with the group and is happy to be a supportive partner

7. Aimee – Castle Rock School – The NAG

The Neighbourhood Action Group brings together agencies in Greenhill to Share information

There was some discussion over the duplication of services here. It was decided that there is a place for both groups

8. AOB

The Hero Project promoted a few of its activities

9. Next Meeting

15th February 2017 6.30pm at Greenhill TARA Office TBC
