Above & Beyond

Developing Potential

Above and Beyond was established by two nationally qualified Youth and Community Workers, Andrew Lake and Colin Laws, who are now the Directors.

They wanted to establish a non-profit making organisation that is really committed to positively developing young people and the communities they live in.

Above and Beyond – Developing Potential is a Community Interest Company.

We offer a comprehensive range of activities and developmental opportunities for groups and individuals.

This flyer shows some of what we are able to offer. Please take a look at our website for more information around the specialist services we offer.
