

# JROTC TIMES

By C/CPL Hallie Chancey

## Maine Maritime Academy

From March 31st to April 2nd, fourteen WMRHS cadets joined many other multi-service JROTC units at Maine Maritime Academy. They slept on board the State of Maine and participated in many activities at the academy. The activities consisted of early wake ups, physical training, ocean survival training, a bridge simulator, an academic competition, a drill competition, a wet lab, a leadership lecture, a ship tour, and Marine Corps martial arts. The cadets got the opportunity to learn and get first-hand experience.

## Recent Events

### Blood Drive

On Monday, April 2nd, WMRHS Spartan Battalion held their annual blood drive. The goal this year was 53 units and with 62 people attempting to donate, the overall collection was 44 units. The success of the blood drive was due to the organization from Spartan cadets, lead by Elijah Ratliff, the staff of the Red Cross, and donations from local businesses.

### Bowling Party

On April 9th, many JROTC cadets and their families attend a bowling night in Berlin. There was a great turnout making the evening full of fun.

### Raider

The Spartan raider team has begun practicing. Physical fitness and knowledge are both key components to being successful, so they have begun prepping. The team consists of many cadets that are enthusiastic and determined.
