Today the Vietvan has expanded to offer a unique bespoke catering service specializing in South East Asian delicacies, including street food, curries, and canapés. Each menu is tailored to a client's individual needs and budget so whether it is a birthday party, wedding, corporate event, festival or business lunch meeting; guests are guaranteed high quality, fresh, full of flavour South East Asian inspired dishes.

"Vietvan did the food for my 40th birthday party and they went down an absolute storm! I can't praise them highly enough. I got so many texts the next day to say how amazing the food was (and asking for their details- I think they may get a few bookings out of it!) Added to that, Nick and Tracy were so great to have around- so fun and chatty. They're penciled in for the 50th!"
