Add-On

TVP-1500 Queue System

The Queue system will help to provide serene and stress-free waiting. Ticket controlled Queue system allows the customer to take a sequentially numbered ticket, letting both the server and customer know waiting and serve order. This allows for effectively reducing walk-away and increasing sales.

Electronic Labels Model: e.Label

Electronic Labels Model: e.Label

Description

Electronic price label that displays product information and wirelessly connects with PC scale system. Labels can be simultaneously updated with PC scales from the office. Hi-Touch function enables fast and easy PLU retrieval by acting as a remote preset key, eliminating PLU memorization.

e.Label Specifications
