### Availability & Conflict Calendar

*Please list any conflicts through the run of the show on the calendar attached. Sundays will most likely always have rehearsals, but other days will be scheduled as well. Please be very detailed in your calendar conflicts. Tech week is July 14-18, and performances will be July 19-21. These dates are non-negotiable. Rehearsals will be on Sundays, but the schedule will include other days based on this information. Please know that you will need to work on your own and come prepared for rehearsals. Blocking rehearsals are used to work with the space, and lines should be memorized before arriving.*

***I understand that I must not miss more than two rehearsals and am expected to sell 10 tickets.***

Further, I hereby release MCT from any liability due to accidents or problems associated with this production. I also give permission for MCT to use my picture for publicity purposes.
