

Smart LED HID

The images are merely illustrative, some technical features and accessories may be changed without notice.

December 2016

Product Description

Teslights technologies are recognized globally for supreme excellence in design and manufacturing due to quality, performance, and efficiency. Manufactured to the highest standards, and ready to replace antiquated lighting directly, the high quality of Teslights' HID LEDs produce dependable illumination upon the directed environment.

With a reputation for producing the finest LED technologies available today, Teslights has earned multiple certifications which demonstrate a unanimous global approval from international quality organizations. Teslights HID LEDs include a factory-guaranteed warranty with both Standard and Premium product lines, further serving to underscore the superiority cited by independent quality and meritorious assurance certifications.

Key Features

- **Modular manufacturing process**
- **Highly efficient driver**
- **5 year factory warranty**
- **No rewiring of fixture, minimizing replacement and maintenance costs**

Product Specifications

HID UFO

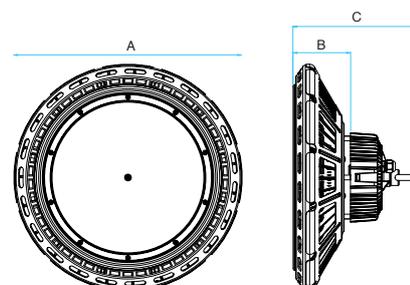

LED package:	SMD 2835
Power consumption:	150 - 250W ±5%
Input voltage:	100~277V AC 50/60Hz
Efficacy:	Up to 150 lm/W
THD:	<18%
P.F.:	>0.99
CRI:	>82
Dimming:	0-10V
Material:	6030 aluminum alloy and polycarbonate lens cover
Beam angle:	100°
IP rating:	IP65
Fire rating:	94V0
Operating temperature:	-25°C ~ + 45°C
Lifespan:	Up to 50,000 hours

HID H

LED package:	SMD 2835
Power consumption:	100 - 250W ±5%
Input voltage:	100~277V AC 50/60Hz
Efficacy:	Up to 100 lm/W
THD:	<18%
P.F.:	>0.95
CRI:	>80
Dimming:	0-10V
Material:	6030 aluminum alloy and polycarbonate lens cover
Beam angle:	25°, 45°, 60°, 90°, 100°
IP rating:	IP65
Fire rating:	94V0
Operating temperature:	-25°C ~ + 45°C
Lifespan:	Up to 50,000 hours

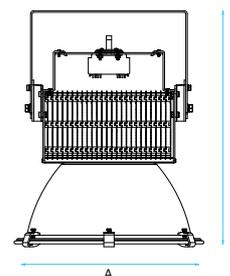

Product Measurement

HID UFO

Model	Measures (AxBxC)
HID U	Ø383 x 96 x 217 mm

HID H

Model	Measures (AxB)
HID H 150 W	Ø367 x 459±5 mm
HID H 200 W	Ø367 x 459±5 mm
HID H 250 W	Ø367 x 459±5 mm

Ordering Guide

Example: HIDHP200E100C50-90

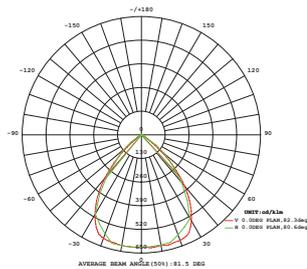

Type	Dim or non-dim	Watts	Driver/Power	Efficiency	Cover	CCT	Beam Angle							
HIDH	P	200	E	100	C	50	-90							
HIDU	S	Non-dimmable	150 200 250	150 W 200 W 250 W	E	External 100-277V 50/60Hz	100 150	100 lm/W 150 lm/W	C	Clear	50	5000k	-	-
	P	Dimmable												
HIDH	S	Non-dimmable	150 200 250	150 W 200 W 250 W	E	External 100-277V 50/60Hz	100	100 lm/W	C	Clear	50	5000k	-25	25°
	P	Dimmable											-45	45°
													-60	60°
													-90	90°
													-100	100°

NOTE: We can also produce HID U and HID H in different variations of Wattages, lumens, sizes, beam angles and color temperatures. For more information contact your account manager.
