A PDF Report will Immediately be E Mailed to your Registered E Mail Address on file with V-Report

What is in the True ID Report you Receive

Identity Verification: All biographical information as supplied directly by the Department of Home Affairs.

Drivers Licence: All Information as shown on the front of your driver's licence card including the photograph.

Facial Recognition and Verification: By using the photograph taken in our application and the photograph received from the drivers licence verification our facial recognition and verification technology then compares the two faces and supplies you with a similarity results in the form of a percentage.

The report also shows the following:

The image of the ID document as taken in the application.

The face captured within the application.

The photo's used for the facial recognition and verification shown side by side.
