Martex[®] Mainspread Bedspreads

reliable and durable bedspreads

Martex[®] Mainspread Bedspreads are a reliable performer in institutional applications that require a simple, durable bed cover. Made from a durable polyester/cotton blend, each bedspread holds up to the rigors of commercial use. Tightly stitched quilt patterns reinforce the structure of the bedspread and helps prevent fiberfill migration. Martex[®] Mainspread Bedspreads are filled with our soft and warming 100% bonded EcoPure[™] polyester fiberfill made from recycled bottles. Martex[®] Mainspread Bedspreads are compliant with the General Services Administration (GSA) for sale to the US Government.
