

Martex[®] DryFast[®] Sheet Collection

environmentally sound and savings all around

Become a leader in the travel industry's movement towards environmentally sound products and services. Martex[®] DryFast[®] sheets reduce energy and labor costs in the laundry process while releasing significantly less CO₂ into the atmosphere. Martex[®] DryFast[®] sheets feel great and enhance the guest experience by not compromising on softness or durability. This sheet is available in Fresh White and is compliant with the General Services Administration (GSA) to be sold to the US Government.

Martex[®] DryFast[®] Sheet Collection

Stain Product Recovery

- 25% overall reduction in the number of "re-wash" loads due to stains.
- This reduction resulted in savings of chemicals, labor, and allows more product available to stay in use.
- 25% reduction in pillowcase replacement cost and 9% reduction in replacement sheet costs.

Energy/Labor Savings

- Reduces drying time by 30%.
- Reduced cycle times produce higher productivity rate and reduced costs in the laundry system.

Environmental Impact from Reduced Drying Time

- CO₂ Emission reduction of 7.29 kg/day or 2639 kg/year. (*results are based on an 85 room facility with a 3 par linen level.)
- CO₂ reduction equivalent to burning 293 gallons less gas per year in a typical car.

Return on Investment: 41.96%

The ROI was calculated as the total annualized savings recorded during our trials divided by the total cost of DryFast product required for the 3-par used in our trials (Total Annualized Savings/Total Cost of DryFast).

Pillowcases

- 200 and 250 Thread Counts Available (* indicates T250 sizes)
- 60% Cotton, 40% Polyester
- Single pick durable percale weave
- Available in Fresh White
- GSA Compliant
