I've attended the Mid-Winter Conference in Fredericksburg, Virginia and Southern Division Conference in Tyler, Texas. I had a chance to go see the new National Headquarters location in Quantico Virginia where a lot of updates are going on. I also got to visit the Marine Corps Museum.

With the help of District 5 Vice Richard Torrez and Commandant Charles Ynman we installed the officers for our new District 6 Bee County Detachment. I also had some help from Marine Josemaria Lopez in getting that Detachment ready.

I Installed the Coastal Bend Detachment Officers and with the help again from Marine Lopez he installed the Laredo Detachment Officers while I was at Mid-Winter. Marine Robert Hurtado also help by installing the Jack Ringle Detachment officers while I was Mid-Winter. Most Detachment Commandants are planning on attending our Department Convention in Beaumont. I have told them that at this Convention we will be voting on By-Law changes and of course elections of new Officers.

Most of our Detachments have been doing very good. I had to reinstalled the Officers for Coastal Bend after their Commandant resigned. A new installation report was turned in with the new officers.

One of the things that most of the Detachments were complaining about was the way of collecting the new membership Dues and how much to send in. They were also concerned about the Activity Reports. Small Detachments don't like the break down as they don't have any way to compete with the larger Detachments.

We have three Detachments planning to have a Marine Corps Ball this year. Bee County will be having theirs on Nov. 8 , 2017, Coastal Bend will hold theirs on Nov. 10, 2017, and Laredo will be on Nov, 18, 2017.

I have forwarded all correspondence from National and Department to all Detachment Commandants. It has been a pleasure to serve you as District 6 Vice Commandant.
