

Fun Shots

\$400.00

With the latest technology we have the ability to take pictures of your guests having a great time dancing, drinking and acting out and have the pictures displayed on any size screen in seconds.

With the screen facing the dance floor it can give you entertainment that a photo booth just can't match.

Fun Shots are digital photos taken at your event, which are instantly transmitted & shown on a 40" TV screen.

We will mingle with your guests & take fun photos of everyone having a great time!

You will receive a USB containing all photos at the end of the session.

These photos are small enough to share on your mobile media.

2 hours coverage: \$400.00

4 hours coverage: \$600.00

TV screens larger than 40 inch or projection screens available ask for pricing
