**Bonnie Opal** started training dogs in 2002 with her rough collie Petto. Where she learned a lot about lines and how the flow of a course can be looked at. Currently she competes with Wonder, Petto's son, and her two shelties Lina and Edward. The venues that she has competed in are AKC, UKI, USDAA, UKC, CPE and NADAC over the years. Recently she has competed at the 2018 European Open in Austria with her young sheltie Edward.

Bonnie believes in positive training with rewarding to reinforce behaviors wanted for teams that compete in agility. She loves to watch her students have "light bulb moments" and push to learn new things that can be added to their ever-growing toolbox. She has been teaching since around 2009 and over that time has found that not one way will work for every team out there.
