**Other Information:**

I recently graduated from Texas State University with a Bachelor's in Exercise Sports Science and a minor in Special Education. I always had a passion for playing basketball, but I discovered my love for teaching the game my junior year of high school. I was given the opportunity to teach post moves to a group of 9th graders and that sparked my interest in coaching. Now my focus is on the development of basketball fundamentals, technique and IQ in youth who want to excel at this great game!
