## **“The Clearfield Doctrine”**

**Clearfield Trust Company vs. United States 318 U. For purposes of suit, such corporations and individuals are regarded as entities entirely separate from government.”

**Clearfield Trust Company vs. United States, 318 U. S. 363 - 371 (1942):**

What "**The Clearfield Doctrine**" is saying and establishing in 'Stare Decisis' law is that when "**private commercial paper**" is used by corporate government, then '**Government**' loses its '**Sovereignty Status**' and becomes no different than any other mere '**private corporation**'.

As such, the *de facto* entity once deemed as legitimate '**Government**' has failed its purpose and then becomes bound by the inferior and common rules and laws that govern '**private corporations**' which means that if they (*Government Officials, Government Agency Contractors; Employees, or Personnel*) portend or intend to demand, to enforce, or to '**compel**' an individual to some specific performance based upon its now private, for - profit, '**Corporate Statutes**' or upon its now private '**Corporation Rules**' then the '**Government**' like any other private, for-profit, '**private corporation**' must provably be a '**Holder - in - due - Course**' of a valid and verifiable '**Contract**' or other evidentiary proof of a '**Commercial Agreement**' mutually made between it (*the Government or Agency*) and the one (*individual or natural person, et cetera*) upon whom their **compelling rules** or '**demands**' for '**specific performance**' are made. And furthermore, the demanding persons alleging to be '**Government**' must be willing to enter the physical, manifest '**Contract**' or '**Commercial Agreement**' into '**Evidence**' even before trying to get to the court to '**enforce**' its private commercial demands, called '**Statutes**'.

The "**Clearfield Trust vs. United States**" case is extremely important because it is a 1942 case litigated after the **Erie Railroad vs. Tompkins 304 U. S. 64, (1938)** case in which the once legitimate **Legislatures** and the **Judiciary** 'colorably' **changed** from legislating under "**Public Law**", which is harmonious and in consonance with the American Constitution, and, to the contrary, became 'breach of trust' operatives and deviant foreign Entities and Actors doing foreign business and exercising foreign power activities and '**legislating**' under "**Public Policy**" according to, accommodating to, generating profits for, and catering to the desires and the wishes of, the private, foreign, for - profit, "**Creditors of the U. S. Corporation**"; - a private company.

**NOTE: Private Corporate Commercial Paper and Securities**, - being *the privately - owned Federal Reserve Notes (FRNs)*, and the corporate - States' - spuriously - created '**Birth Certificates**', constructed by, administratively used by, and sold by, the private, foreign owners, officers, employees, beneficiaries, profiteers, agents, and agencies, doing business as the '**United States of America Corporation Company**' and by their chartered and licensed **Franchisees**, et cetera. These private corporate commercial paper contrivances have been, and are, deceptively traded as '**Fungible Instruments**'. Such misrepresentations and deceptive practices have been, and are, declared by the **United States Supreme Court** as being *criminal and felonious violations* of the Law. **Securitization**, which is the wrongful processes and practices of *homogenizing financial instruments* into '**Fungible Securities**' and the selling of such felonious instruments on the '**Securities Market**', is unlawful and illegal for '**private corporations**'.

∞- **Claim of Reversioner** - ∞

**I make no claim with respect to the title (*name / nom de guerre is a title*) and I surrender and assign any and all 'Reversionary Interest' to the united states and subsidiaries for full 'Acquittance Discharge Settlement' and closure of my reliance Title 12 USC 95a, part 2; and I assume no liability and do not consent to stand as 'Surety' for any point, moment in time.**

∞ \_\_\_\_\_ ∞

The above affirmative statement (*in concept or relative content*) made by a conscious **Asserter**, may be used to '**Rebut**' an injurious or wrongful *assumption* made by another, or

to **'Revert'** one's rightful *Legal Position, Status,(Estate)* and *Standing*; especially when put into an unconscionably - assumed position of obligatory *'Debt'* or *'Subjection'* as imposed by *'persons'* doing business as the foreign, *Corporate United States*, or by any other foreign person, agent, or agency. A **Reversioner** (*in Law*) is one who has a *Reversion* or *right* to receive an *'Estate in Reversion'*. **Reversion** is derived from the Old Moorish Latin word, *reversio*, derived from *reversus*. See *Reverse*. Also see **Revert** which means *"to go back in action, thought, speech, et cetera"* to return, as to a former practice, opinion, state, or subject; or as in Law, to go back to a *former owner* or his *heirs*. Think of this as in the nature of **'Restitution'** or in an *action* bringing about the return or the giving back of some *property*; some *Estate*; or in general, the giving back to the *rightful Owner* or *Heir* of something that has been lost or taken away; as in the word, **'Restore'**.

**For Example . . . . :**

In the case of **United States vs. Arizona, 120 U.S. 479 (1887)**, the Supreme Court held that Congress had the authority under the **'Define and Punish Clause'** to declare that "the counterfeiting within the United States of the **'Notes'** of a *foreign bank* or *corporation*" was "an offense against the law of nations," *id.* At 482-83, reasoning that "if the thing made punishable is one which the United States are required by their international obligations to use due diligence to prevent, it is an offense against the law of nations." *Id.* at 488. This Court has also recognized that the **'Define and Punish Clause'** "authorizes Congress to derive from the often broadly phrased principles of international law a more precise code... necessary to bring the United States into compliance with rules governing the international community." *Finzer*, 798 F.2d at 1455. In a series of tribunal decisions, treaties, and other authoritative pronouncements, the international community has made it plain that directly facilitating acts of terrorism and other war crimes cannot be tolerated.
