WEARABLE CAMERA

“Chain of Custody” Grade Video Recording Solution

RUGGED AND RELIABLE

The HauteVIEW™ 100 docking camera is the first body worn camera from HauteSpot® Networks. The HauteVIEW 100 is designed specifically be rugged and reliable, meeting the demanding needs of law enforcement and public safety.

“ALWAYS ON” OR “ON DEMAND”

As part of the HauteVIEW product family, the HauteVIEW 100 is designed to provide “**always on**” or “**on demand**” video and audio recording, meeting the requirements and specifications of the law enforcement and government agencies.

The HauteVIEW 100 is designed for police officers, fire fighters, security guards, hospital staff, and other users who are required to record events or incidents at the highest possible resolution and frame rate in the most difficult lighting conditions.

TRANSFER AND RETRIEVAL

When used with the HauteVIEW DOCK or the HauteSpot Networks Mobile Video Vault (MVV™) storage back end system, this camera provides easy and reliable operation for effortless recording, transfer, and retrieval. And all HauteVIEW family products conform to chain of custody requirements to protect video records from tampering. HauteSpot Networks offers a broad range of back end solutions for managing, storing, integrating, and retrieving digital video data. Contact us for the ideal solution to meet your specific requirements.

LIVE WIRELESS STREAMING

Other members of the HauteVIEW product family provide advanced sensor data gathering, location tracking, and even biometric monitoring, along with “always-on” or “on-demand” live wireless video streaming in high definition over Wi-Fi, private broadband, or cellular networks.

- The HauteVIEW family of body worn cameras are designed interoperate with HauteSpot Networks fixed and mobile wireless solutions:
- The HiveCAM™ —Intelligent wireless mesh distributed edge camera
 - The HauteMOBiLE™ —Wireless in-vehicle router
 - The HauteWRAP™ —Fixed wireless routers
 - The HauteMESH™ —Nomadic mesh system for emergency first responders

The HauteVIEW 100 is the perfect choice for applications where video needs to be reliably recorded all the time, or on demand, and where live video streaming is not required. For live streaming solutions call HauteSpot Networks to discuss other HauteVIEW products which may meet your requirements.

Still Resolution:	21MP (6144x3456 16:9) 5/8/10/12/16/21MP)
Video Resolution:	1920x1080 30P 1440 x 1080 30P 1280x720 60P/1280x720 30P 848x480 60P/848 x 480 30 P 720x 480 30 P 16:9
Video format:	H.264.AVI/MPEG4
Fast forward:	2, 4, 8, 16, 32, 64X
REW:	2, 4, 8, 16, 32, 64X
Audio:	High-quality built-in microphone
Audio format:	AAC2/MP3
Watermark:	User ID, time, and date stamp Embedded into video
Camera:	21-megapixel camera optional burst shot (3 or 5 photos)
Recording time:	Continuous recording time - 600 Minutes (battery full charged, IR closed, resolution ratio 640 x 480P)
Storage capacity:	16/32/64GB
Record LED:	Red
Record function:	≥10 seconds prerecord ≥10 seconds post-record
Red IR switch:	Auto/manual
Audio guide:	Supported
GPS:	Supported (built-in)
Language:	English
Screen protection:	30 seconds/1/3/5 minutes
