

PET FIRST AID – READY REFERENCE

The use of first aid is an important tool for pet owners, and its use may help to save your pet’s life. However, remember to NEVER substitute first aid for veterinary care.

	GENERAL INFO	THINGS TO LOOK FOR	POTENTIAL CAUSES	WHAT SHOULD BE DONE
<p><u>Poisons & Toxins</u></p>  <p>bowmanvilleveterinaryclinic.com</p>	<p>Products that are harmful to people are considered harmful to animals.
