A message from the Mayor of Brighton

I am delighted to have this opportunity of extending greetings to all who will be taking part in Brighton's Annual Speed Trials—be they competitors, officials or spectators.

Brighton is proud of this historic motoring event—which had its origins at the beginning of the century and is to-day more popular than it has ever been. I hope it may long continue as one of the highlights of Brighton's varied and lengthy sporting calendar.

I wish all concerned a most successful and interesting day.

Some of the Drivers - 1958.

This event is the 53rd Anniversary of Brighton Speed Trials with an entry of 266.

Due to the wet condition of Track prevailing last year, only the 250 c.c. Racing Car Class Record was broken. D. C. Haldenby breaking A. Owen's time with 43.32 secs.

Among the Sports Car entries is Sydney Allard's new Sprint car with which he may regain the Class Record taken from him in 1955 by Cyril Wick (Cooper Jaguar). George Abbecasis is driving a Facel-Vega 5910 c.c. and E. P. J. Alexander a Cadillac Allard which recently made B.T.D. at Thorney Island. F. M. Wilcock wrecked the engine of his 21,000 c.c. aero engine Swan-dean Flying Saucer while warming up for that meeting. For the first time for several years he will not be entertaining the spectators with the thunder of the largest capacity engine to compete at Brighton. Miss Patsy Burt who broke the long standing record for Lady Drivers in 1956, is competing with a Cooper.

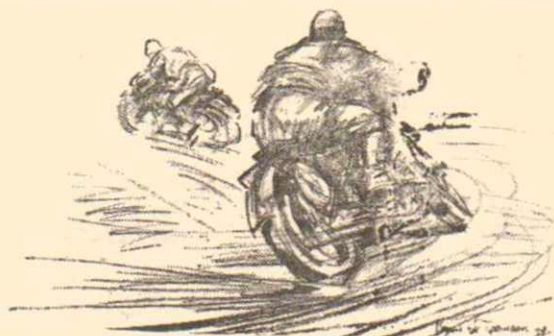

The Bentley Class is well represented by 23 entries, several of them being supercharged. An impressive sight when they return together at the end of this Class.

Among the Racing Car entries C. R. Instone is driving Djinn (1098 c.c. supercharged) which holds the Class Records for

Some of the Drivers continued

Up to 1100 c.c. and also Up to 1500 c.c. Tony Marsh (Hill Climb Champion of Great Britain) is competing with a 1500 c.c. Cooper. Among the entries in the Vintage Class are Forrest Lycett's 8-litre Bentley and A. S. Raven's Bugatti, both well known at this event.

The B.M.C.R.C. have selected thirty Sprint motorcyclists. George Brown (Vincent Sp. 998 c.c.) will be contesting with the Vincent driven by W. G. Ottewell with which Roy Charlton gained the Course Record for Motorcycles, being the first man to exceed 100 m.p.h. average speed for the Standing Kilometre at Brighton.

The Marque Class (Page 24)

Inaugurated by the British Automobile Racing Club at their popular Goodwood members meetings, the idea of a race with cars limited more or less by price has resulted in some close racing for the owners of these very 'bread and butter' sports cars.

Today this attractive idea has been extended to cover the activities of this class for the first time at the Brighton Speed Trials and we can witness a representative selection of Austin Healey, M.G. and Triumph sports all roughly included in a price range of £1250 and some considerably less. We look forward to hotly contested competition.

Examples of all these types may be seen and tried at the Showrooms of K. N. Rudd Ltd., the progressive sports car dealers at 41, High Street, Worthing, who are officially appointed retailers for all of them and would be pleased to discuss part-exchanges, tuning and competition preparation.

Reference to the programme will show that Rudd Racing Ltd., the racing team that has been so successful in continental events this year using Ace-Bristols, have entered a modified Dauphine in the Brighton and Hove members handicap, an Austin Healey 100/Six with tuned engine, discs, etc., and an interesting Ace-Bristol with a 6 port cylinder head, equipped with twin choke carburettors. These cars will be driven by Ken Rudd
