

Stax visitor chair is a GECA certified product and is AFRDI tested to level 6.

The STAX is a stylish and comfortable visitor chair with an oval shaped backrest. The specially contoured seat and back provide excellent support and the protective outer covers minimise high impact wear and tear. Heavy gauge tubular steel frame, powdercoated black, guarantees years of use and durability.

Options Available

- With or without arms
- Chrome Frame*

Any fabric used on these products must be certified by GECA, ECNZ, Nordic Swan or EU Flower.
