'Welcome to BLACK WATCH TACTICAL'

A security provider with more than 100 years front line experience in the Military & Security, that will find you the very best solution for your business.

With the face of security changing and the threat of terrorism from fanatical organisations directed at soft targets in Europe, is your company safe?

Good management ensures that you are provided with the right type of security personnel of high calibre that deliver the best security solutions for your needs, to establish and develop the most effective, highly flexible responsive unit to cover your risk when you need it the most.

The first impression your Company requires is of a smart well trained Security Officer that can deal with any situation.

Our security personnel have been trained to protect Government buildings, airports, power stations, fuel refineries; anywhere that you will need high calibre security protection that can be deployed anywhere across the UK.

YOU can now apply for Commercial Finance on all SIA courses, pay over 12, 18 & 24 months and, by training just two to five days a week, obtain an SIA licence.

Courses include Security, CCTV, Door Supervisor, Close Protection plus one day Self Defence, one day Emergency First Aid plus a one day refresher course to be taken within the first year.

RISK MANAGEMENT

Risk is part of all our lives. As a society, we need to take risks to grow and develop. From energy to infrastructure, supply chains to airport security, hospitals to housing, effectively managed risks help societies achieve. In our fast paced world, the risks we have to manage evolve quickly. We need to make sure we manage risks so that we minimise their threats and maximise their potential.

Because risk is inherent in everything we do, the types of roles undertaken by risk professionals are incredibly diverse. They include roles in insurance, business continuity, health and safety, corporate governance, planning and protection of assets

Black Watch Tactical has designed an all inclusive package for the Commercial Sector to help support Managing Agents and businesses in the North West and North East by incorporating CCTV FREE with all our contracts.

You can now view your contracts 24/7, conduct a controlled site visit or read a simple meter from your home or office, saving an average of three hours per day, travelling to and from site.
