It's a well known fact that 95% of businesses act after the fact that they have had a break in or land invasion which could run into Thousands of pounds in damages.

The first 24 hours of any EMERGENCY is critical to your business and that is my why we would like to introduce BWT 24/7 Emergency Response. Our Crime Protection Tactical Officers (CPTO)'s have been trained to protect Government buildings, airports, power stations, fuel refineries; indeed, anywhere that you would need high calibre security protection that can be deployed anywhere across the UK
