We offer comprehensive, efficient and cost-effective High Profile Security & Services to meet your **critical** needs and, as a Security Consultancy, we have gained a wealth of experience providing security to the private and corporate sectors, with the quality of service and the right **attitude** to deal with any situation, by understanding what clients require in protecting their **assets**.

We believe that the first impression your Company requires is of a smart well trained Security Officer that can deal with any situation. Our Crime Protection Tactical Officers (**CPTO's**), have been trained to protect Government buildings, airports, power stations, fuel refineries; indeed, anywhere that you would need high calibre security protection that can be deployed anywhere across the UK.

Black Watch Tactical

Security For The Future

A SMALL PRICE TO PAY FOR COMPLETE PEACE OF MIND.

Our (CPTO's) have been trained in self defence (Krav Maga).
