## **Serving Christ in Bellingham:**

Christ Church has been in existence since 1923.

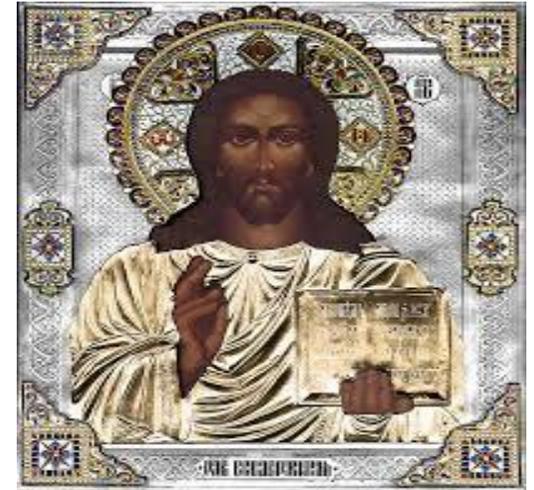

A brief history: in 1923 Christ Church was the first church built in Bellingham, as part of the post 1<sup>st</sup> World War new house build.

Today, we are a friendly multicultural congregation. We value each individual, as created in the image of God, and their contribution. Together, we seek to serve the community and the world

## **Our belief:**

We are committed to Christ and His love, believing that He calls us to be together.

We believe we are called to be God's people, by the Holy Spirit, who are transformed by the Gospel to make a difference in today's world.
