

Nursery Newsletter Summer 2015

Dear Parents We are pleased to share our latest nursery project with you all!

We are about to begin the exciting job of creating a new nursery garden. Railings are currently being erected to make a secure area at the back of the building that we plan to transform into a mini nature reserve/wildlife/allotment garden that all the children can use.

Groups of children will be taken out each day into the area that will be a lovely open space for them to explore, play and have fun. We are really excited about what we can create over time and are looking at ideas such as a small pond, veggie patch, wildlife/minibeast area, wildflower garden and picnic area. We want to attract lots of natural wildlife to investigate and have plenty of room for den building, playing games and forest school activities.

We would appreciate your ideas for what we might do with the space, and if any parents have time to come along and physically help with creating the garden we would love you to get involved.

We are planning to have a whole nursery Teddy Bears picnic in the space on Thursday 9th July at 2.00pm (weather permitting) to mark the garden officially opening and to have an end of year farewell celebration. Parents are welcome to come and join us for the picnic. If your child doesn't usually attend on this day you can still come along (but must stay with your children). Please can all children bring a little something in a packed lunch to share at the picnic and their favourite Teddy/Cuddly Toy. We look forward to seeing you there!

Dates for your Diaries!

Parents Evening Wednesday 8th July

Nursery Picnic Thursday 9th July

In service day/last day of term Monday 20th July (Nursery closed for staff training)

Please could we ask parents in this very hot weather to make sure children come to nursery with sun cream already applied and that if you wish to have it reapplied that it is put in bags. Thankyou.
