

Welcome to the Team!

We are excited that you have joined an independently operated and owned Massage Envy Spa location. To prepare you, an online training program is provided to help you begin to learn what you need to know to be successful.

It is important that you review the material thoroughly and have a good understanding of these materials. Your Manager may also provide training manuals that correspond with available courses. The rest of your training will take place in the clinic. If there is anything that you have questions about, make sure to get clarification from your manager during your training.

We recommend completing these online trainings ahead of your scheduled in-clinic training to assist in making your in-clinic training more effective, and to set you up for success throughout your employment!

Getting Started

Below is your own personal log-in information to access Massage Envy University (MEU) online.

Log on to:

My MEU username: CLINIC # + FIRST INITIAL + LAST NAME

My MEU password: changeme

We recommend viewing the MEU tutorial videos available on your Home Page before getting started. Once you have, click the Browse Training tab in your left sidebar to view your *Required* and *Recommended* training as well as more *Resources*.

**All required training must be completed within the first week of employment, and retaken each year after that.*

In addition to MEU online courses, there is a mandatory Behind Closed Doors CEU. Optional CEU courses are also available. Ask your Manager for more information.

You are part of a profession that is changing lives for the better every day, and that's something to feel good about!
