

FOR IMMEDIATE RELEASE: (21/10/2016)

Pinnpoint and OSN Groundbreaking Business Enhancement Partnership

Malmo, Sweden: Pinnpoint and OSN are pleased to announce our new partnership with the launch of the "Complete Logistics Solution", a duplex printed laser label and packing list combination.

OSN, a leader in business solutions in the Netherlands has joined in this partnership to market Pinnpoint's innovative shipping solution which is quickly deployable by their company's highly skilled employees.

Designed for the widest variety of shipping businesses from small to mid-sized 3PL warehouses all the way up to the largest global enterprise, the label is the perfect solution for the fast-growing e-commerce marketplace.

Pinnpoint and OSN have partnered with Lexmark International to bring to the Netherlands today's intelligent parcel shipping solution, The Print & Ship™ label with it's genuine productivity and money-saving process improvements. The A5 sized label is qualified on both the mono and color high performance imaging devices.

OSN technical team supports Pinnpoint's Integration Solution, PIM, a proprietary software that works in concert with a client's ERP system to automate the process of producing the Print & Ship label.

About OSN: A specialist in information management and printing we assist organizations to rationalize and optimize information by improving the flow of documents with smart hard- and software solutions. Digital, easier, cheaper and better.

About Pinnpoint: Pinnpoint associates are located in North America and Europe to support Lexmark Dealer Partners and end-user customers. Pinnpoint has manufacturing locations in the United States and in Europe strategically positioned to deliver our products on time, each time.

Pinnpoint's management team has over 25 years of experience in software architecture, business processes and Lexmark printing devices. Our associates stand ready to support Print & Ship with integration and implementation.
