

Complete Logistics Solution

Pinnpoint's[™] Complete Logistics Solution is designed for any 3PL, Fulfillment Center and Shipping Warehouse

Powered by the industry-leading shipping software company Pacejet, the A5 Print & Ship[™] label and the A4 Print Ship & Return[™] label are the perfect combinations with Lexmark printers to deliver the all-in-one Complete Logistics Solution.

Offering logistics solutions that give you an edge

Pinnpoint[™] has partnered with **Lexmark[™]** and their engineering team to design, develop and qualify proprietary label sheets with their high-performance mono- and color-imaging devices. Customers use their Lexmark printers as part of a comprehensive solution to consistently create quality labels.

Put the science of enterprise shipping to work for you

Pacejet[™] enterprise shipping software combines parcel and freight in one integrated system. Bring together freight, parcel, 3PL and other shipping services in a multi-carrier system integrated with your ERP or WMS.

Pacejet helps growing businesses take their shipping strategies to the next level. You'll not only have the best automated labels; with freight quotes and rate shopping, you'll have the ability to make better decisions to reduce costs for you and your customers.

Support via the **Pacejet RESTful API** lets you customize or extend to quote and ship your way. More advanced features including support for WMS, EDI, Scan Pack, Export Paperwork, Batch and more.

Discover the value of a complete solution

Shipping is vital to your business. Whether your focus is getting your product into the hands of your customer, or you look at the entire cycle, including the possibility of returns—Pinnpoint offers the perfect label solution.

Why use Pinnpoint's Complete Logistics Solution?

- **Print Ship & Return™** eliminates the labor-intensive work of having to print, fold, sort and insert the packing list into a plastic pouch.
- Reduce shipping errors by combining both the shipping label, return label and packing list into one "user friendly" shipping document. The return label is customer friendly and streamlines the warehouse return systems.
- **Print & Ship™** provides a uniform solution for businesses to make sure each customer receives not only the correct package, but the correct packing list.
