August 15, 2018

During the past two years CFO Performance Group, LLC has been working with us to restructure our accounting practices. Mike has a concern for quality and attention to detail. He always responds to our questions whether by email or telephone in a prompt and courteous manner.

With the services of CFO Performance Group, LLC we have completed many projects. Mike has directed the restructuring of our financial reports including profit and loss, balance sheets and trial balances. He created a new daily cash balancing process that makes our daily routines less complicated and less time consuming. This has also assisted us with our monthly balance routine. He has the knowledge and experience of everyday business practices which were a tremendous asset in making our project a success.

We highly recommend CFO Performance Group, LLC for any of your accounting needs. We will continue to call Mike when any accounting need arises.

Sincerely,

Barry Reed  
CEO

Deanna Green  
Secretary/Treasurer
