

Winter/Spring 2018

CATALOG of AFTER-SCHOOL ENRICHMENT CLASSES

BONSALL ELEMENTARY SCHOOL

Each semester, we at the Bonsall Education Foundation work with our wonderful community partners to bring Bonsall kids a host of fun and educational enrichment opportunities through our after-school programs. Take a look inside and see what we've got. There's something for everyone!

(See Back page for class dates, time, tuition, and location)

ART/CERAMICS: (760) 522-2992 * celweb@aol.com * allfiredupmobileceramics.com

During this class, students will learn various methods of hand-building and sculpting with clay, applications of glaze and the purpose of the kiln. Methods of decoration on projects include stamping, texturing and clay embossing. Students will take home finished projects at the end of the session.

CHESS: (619) 585-1050 * chesscamp.net

International Master Larry Evans and staff teach chess in 33 schools throughout San Diego County. Beginning to advanced students are welcome. Chess is a great workout for students to improve spatial reasoning, visual memory and attention span while learning good judgment, reasoning power and self-confidence. The program includes instruction, formal and casual play and a team event. Students receive prizes and trophies to reward participation.

DANCE AND MUSICAL THEATER: (760) 522-1442 * info@charlenesdance.com * charlenesdance.com

HIP HOP DANCE: Calling all boys and girls! So you like to dance? In this high-energy, age-appropriate class, children will learn fun hip-hop techniques and combinations, danced to their favorite music. Students will also learn several choreographed dance routines in preparation for an end of session showcase on the last day! Includes tee shirt!

STORYBOOK MUSICAL THEATER AND DANCE: Casting all boys and girls! Students will explore fun drama exercises/games, dance movement for musical theater and an introduction to singing. Students will learn songs, acting lines/parts, and dance choreography from current and classic musicals in preparation for an end of session abridged play! Costumes to borrow included!

ENGINEERING FOR KIDS: (951) 676-2969 * engineeringforkids.com/temecula

MINECRAFT: STAR WARS: classes, will immerse students in the expansive world of Minecraft, and will challenge student's ingenuity and problem-solving skills as they navigate through several engineering challenges.

JR MARINE ENGINEERING: In this class, students explore the concepts of marine engineering and mechanics, harnessing the power of water, and discovering designs that help us make the impossible, possible.

JR CIVIL ENGINEERING: This class is centered on exploring the concepts of building and construction through hands-on exploration and design.

FITKIDS SPORTS PROGRAMS: **(760) 730-1115** * **fitkidsamerica.org**

BASKETBALL: Got Game? Learn all the skills it takes to be a master on the court! Learn how to improve your shooting, passing, catching and rebounding skills! Instructors will teach you about player positioning, dribbling, ball handling and team concepts. Instruction includes offensive tactics such as shot selection and scoring while defensive tactics emphasize positioning and pressure from various areas of the court.

CHEERLEADING: Show your spirit! Learn all the cheer basics during this fun class! Cheer dances, chants, kicks and jumps are just part of the things you'll learn on your way to becoming a top notch cheerleader! Each week you'll add counts on to a cheer dance. No uniform purchase necessary.

FIELD GAMES: Fun on the Field! This high energy class mixes traditional games, with newly inspired games with a twist. Get ready to play Flag Tag, Sharks & Minnows, run an obstacle course, or play soccer with a ... football? All fun and different ways to keep the kids moving and thinking.

FLAG FOOTBALL: Ready for some football! Learn football basics through drills, obstacle courses and strength training with an emphasis on team work. Increase agility, speed and self esteem. Intramural games will be played each class. No tackling, just fun! Super Bowl will be played on the last day of the session. Group will be split by age and ability. Designed for beginning to advanced levels.

SOCCER: During this one-hour class, kids will learn the following skills: kicking, dribbling, goalkeeping, passing and ball control. There will be drills where the instructor teaches the individual skills and then scrimmages where the kids put those skills to use.

TENNIS: Fit Kids incorporates the USTA newly developed Quickstart program. It's an exciting new play format for learning tennis, designed to bring kids into the game by utilizing specialized equipment, shorter court dimensions and modified scoring. It's the fast, fun way to get kids into tennis!

MAD SCIENCE: **(858) 505-4880** * **sandiego.madscience.org**

SCIENCE SPIES & ROARING RACECARS: During this exciting, hands-on program you'll become a Mad Science Detective and discover how science is used to solve crimes! Collect fingerprints, make observations and gather clues as you investigate. See how crime labs identify unknown substances and test for "trace evidence." Explore the science of movie-making, 3-D images and special effects. Finally, you'll experiment with simple machines and make your very own Mad Science propeller-driven Race Car!

LIGHT, SIGHT & SOUND: Join Mad Science and explore Light, Sight and Sound. Build your very own periscope and spy around corners. Make your own batch of oozing slime! See a chemical energy display that uses different substances to change the color of a flame. Investigate magnetic fields and build your own magnetic game. Experiment with states of matter and sound waves. Discover the rainbow of colors hidden inside of white light and take home your own motorized color wheel!

BEGINNING VIOLIN: **(760) 798-4064** * **www.thekidscollege.org**

Come learn to play the violin in a fun and positive way using simple tunes, basic music theory, and fun rhythm games taught by a creative, early music violin teacher. (Class limited to 12 students)
