A PEACEFUL ADDRESS IN THE HISTORICAL HEART OF ENCHANTING LAOS

ENVELOPED BY MISTY MOUNTAINS THAT WERE SHAPED BY MEANDERING RIVERS, THE ANCIENT ROYAL CAPITAL AND UNESCO WORLD HERITAGE SITE OF LUANG PRABANG CHARMS TRAVELLERS WITH ITS TIMELESS TRANQUILLITY. THE HOURS, LIKE THE CARAMEL-COLOURED WATERS OF THE MEKONG RIVER, DRIFT BY AT A LANGUID PACE, AMID SPARKLING TEMPLES AND FORESTED HILLS. NESTLED ON THE DOORSTEP OF THE HISTORIC OLD TOWN, THE SOFITEL LUANG PRABANG ENCAPSULATES THE ALLURE OF THE LAND KNOWN AS 'THE JEWEL OF ASIA'.

WHY CHOOSE SOFITEL LUANG PRABANG?

Travel back in time with a stay in a century-old French colonial mansion, one of the many wonders found within Luang Prabang. Enjoy unparalleled exclusivity and serenity in the landscaped gardens of this all-suite, fully restored former governor's residence. Explore the spiritual capital of Laos, then return to your own haven of calm, where you can enjoy gracious service, delectable cuisine and sophisticated experiences that enrich body and soul.

THE ADDRESS

Built on a UNESCO-protected heritage site, the Sofitel Luang Prabang is situated in the quiet residential quarter of Ban Mano. Guests are only a 5-minute drive or 20-minute stroll from Luang Prabang's fascinating Old Town, while golf courses, silk weaving villages and waterfalls await less than an hour away from the hotel.

5 STAR LUXURY

Discover an elegant fusion of Far Eastern exoticism and colonial French splendour amidst interiors that are simultaneously grand and understated.

Gleaming columns, their bases overlaid in black lacquer and gold leaf, hold floors aloft in the traditional Lao style. The red of Royal Poinciana trees that suffuses across the riverbanks reappears on throw pillows and in thin bands of paint around the room. Throughout, the time-honoured arts of the destination reveal themselves in hand-woven textiles, delicate pottery and precious antiques collected from travels around Indochina.

Anchoring this exclusive property is a lush inner courtyard, where swaying palms and bushes of wildflowers recall the verdant Luang Prabang countryside. Pink water lilies float idly on a long reflection pond, while nearby, a 25-metre mosaic-tiled pool beckons with a row of sun loungers.

Arranged around the perimeter of the courtyard, 25 tile-roofed suites mirror the prevailing tone of purity and sophistication. Ranging from 46 to 120 square metres, all suites at the Sofitel Luang Prabang boast front verandas and five-metre-high ceilings. Dreamy canopied beds, shuttered windows and whirring ceiling fans lend a touch of old-world nostalgia to these elegant living spaces, while exquisite Lao artefacts adorn the walls, capturing the eye as much as the imagination.

Every suite opens to its own private garden and patio area, where guests can unwind in total seclusion, rousing only to consider a dip in the oversized hot-tub or inviting plunge pool. Each suite comes complete with all of the modern conveniences, including HD flat-screen televisions, iPod docking stations and complimentary Wi-Fi Internet.
