## SAMPLE MENU & SPECIAL DIETS

### SPECIAL DIETS & ALLERGIES

Here at Rivers Edge we are committed to developing a positive food and beverage service experience for each of our guests. As you provide our hospitality team with advance notice (as per guest group contract) we endeavor to provide food and beverage options for guests with special diets or allergies.

Examples are celiac, pork free, diabetic and vegetarian diets, along with nut, dairy or soy allergies. We are not able to cater to food *preferences*; our priority is on what would make a guest sick or physically uncomfortable. We do however strive to have enough variety of options (both healthy and indulgent) during each stay for every guest's enjoyment!

In our dining room, we provide a dedicated special diets table and menu board which allows guests to find out what is being served each meal as well as safe and tasty alternatives. We also provide a fridge in our dining room for any guests with special needs to store their own particular food and beverage items they may choose to bring.

We are NOT a 'guaranteed' nut free facility but are able to provide alternatives that are nut free and we limited our service of nut products based on the level of risk to the guest. We serve Chapman's Ice Cream and all our Cookies are made from scratch to avoid any 'may contain' concerns.
