EXPERIENCE

Graphic Designer | Freelance

August 2006 - present

I have had a wide range of freelance projects, anywhere from identity development to custom wedding invitation suites. My passion is creating inspiring design that the client falls in love with. I enjoy the variety that freelance designing can provide.

Graphic Designer | Digital Air Strike

January 2010 - June 2014

Digital Air Strike provides extensive social and digital media marketing. During my time with this company, I generated social media graphics for over 500 nationwide car dealerships (including Facebook, Twitter, YouTube and Google). I also worked on trade show booth graphics, advertisements, executive reports and website mock-ups.

Graphic Designer | Blue Flame 6

January 2008 - January 2010

I worked remotely with a marketing firm to provide graphic design for various projects. The company specialized in working with car dealerships, providing marketing materials such as advertisements, business cards, eblasts and brochures.

Graphic Designer | Merten Design Group

August 2006 - January 2008

Merten Design Group is a reputable boutique design firm in Denver. It had an internship that led to a full time staff position. I collaborated with a group of designers on numerous tasks, including logo and branding development, magazine and newspaper advertisements, and catalog creations.
