# UNIQUE EDUCATIONAL PROGRAM

The events and the program are designed for kids of age from 2,5 to 12 years.

Our method is based on drama teaching & theatrical semiotics, situational learning and NLP (neurolinguistic programming) in order to develop the emotional intelligence of children. We give them the opportunity to choose their direction, which makes children enthusiastic and self-confident in this process.

Main instruction languages: German & English.

Our instructors also speak Bulgarian, French, Greek, Polish, Russian & Spanish.

## KIDS CLUB "MINI MUFFINS": ARTS & CRAFTS

**Musical Theatre Workshops** 1,5 hours of singing, dancing, crafts and theatre. Multidisciplinary classes where kids can develop themselves in a multi-faceted way and also discover their talents and preferences in supportive and encouraging environment.

**Classical Ballet Classes** led by professional Ballet Teachers & Choreographers with elements of self-awareness and self-confidence training

Objectives: Development of kids' not only physical skills, but also emotional intelligence and streamlining of their energy

## OUTDOOR KIDS "UNICORNS": NATURE

Half (4 hours) or full-day (8 hours) activities in nature or outside of the daily routine, like circus workshops, gardening, kids yoga, etc.

Objectives: Satisfy kids' natural inquisitiveness to learn and experience new things and also open up their horizons with focus on nature and healthy lifestyle from early age.

## KIDS' EVENTS "9 MUSES": FUN

Leave the stress of arranging a birthday party to us and enjoy the day to the full with your precious little one. We design and/or organise your event according to your budget and requirements.

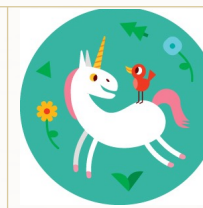

For nurseries, kindergartens or other child-caring institutions, we can organise workshops or events, as an additional offer to their children on an ad-hoc or regular basis, at their premises or outside.

"Mini Muffins" are creative and fun

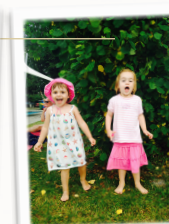

Children choose their favourite animal and play roles

"Unicorns" love nature and adventure

Yoga in the open air or some singing in the park... Unicorns always have fun

"9 Muses" are inspired by the Greek muses of arts and sciences

Creative ideas for birthday parties or workshops for the kids in your organisation - anything is possible
