

Switchboard Upgrade

Service Overview

Our expert electricians will deinstall old switchboard and upgrade to new switchboard using Miniature Circuit Breakers (MCB) and Residual Current Devices (RCD). Peace of mind for years to come. Covered by a 5 year workmanship guarantee and a 25 year parts warranty from manufacturer.

Benefits

- Double protection against electrical shocks.
- Use of RCD for all lighting and socket outlets up to 20A.
- Maximum of 2 power and 1 lighting circuit per RCD.
- Minimum of 2 lighting circuits per installation.
- Neatly labelled circuits for easy identification.
- Easily resettable circuit breaker in case of overload.
- Electrical Certificate of Compliance (CoC) for new switchboard.
- Improved aesthetic quality and adding value to your home
- Wiring diagram of the home for quick fault diagnosis.
