OCTOBER 2017

## PRESIDENT'S REPORT: Paul Winchester

I sure am enjoying the few days of fall weather we have had this past week. Model A Day was a fun trip, Thank you Stan and Judy Boyer. Judy always puts together a nice snack bag for traveling. Valarie's mom Judy wanted to take a hang glider flight at Torrey Pines, maybe next time Judy. While we were at Mt. Soledad, Ed Poffenberger found his plaque at the Veterans Memorial honoring his service in Viet Nam, thank you Ed for your service.

I am sad to report that Fred Dacy passed away on Saturday September 16<sup>th</sup> from a long illness. Fred's wishes were that he not have funeral services. Barbara will have a time for Fred's family and friends to get together sometime in October. Rest in Peace Fred.

There will be a Board Meeting at Dave and Betsy Johnson's Monday October 2<sup>nd</sup> at 7:00pm, nominating committee and selection of new officers will be a topic of discussion.

Our next meeting will be Friday the 13<sup>th</sup> of October at 6:30pm, come

### BUSINESS MEETING HELD THE 2ND FRIDAY OF EACH MONTH AT 7:00 PM

San Carlos Recreation Center  
6445 Lake Badin Ave.

San Diego, Ca. (619) 527-3443

The San Diego Model A Ford Club was first founded in 1957 by a few dedicated Model A owners. Our purpose is to help preserve the Model A, which was in production by the Ford Motor Company from 1928-1931. Ownership of a Model A is not a requirement for membership in the club. Membership dues are \$30.00 per calendar year. Membership in one of the National Clubs is mandatory (either MARC or MAFCA) and the responsibility of each member. Contact information to join a National Club is listed below:

Bud Swartwood has an upcoming Antique Airplane and car display event on Nov. 4<sup>th</sup>. MARC has a meet in June. And they are selling raffle tickets 3 for \$5.00.

Respectfully Submitted,

Recording Secretary JoBeth Stelzer

**BOO! HAPPY HALLOWEEN**

**TOURS:** Stan & Judy Boyer

**International Model A Day “A” Coastal Adventure (Sat. Sept. 16, 2017)**

Fourteen “Model A’s”, two “moderns“, and 31 people left our house around 8:20am.

We first drove through Shelter Is-

land then out to Fort Rosecrans National Cemetery where we drove through the cemetery and viewed the Pacific Ocean and San Diego Bay. On the bay side we stopped for a photo op displaying our

club’s banner with the participants in this years tour behind it (thanks to Ray Beardslee for bringing the banner). Next we drove to Sunset Cliffs where we got out to see the ocean waves crashing below the cliffs (what a beautiful sight !). After a short stop at the Point Loma library (our 2018 club banquet is to be held across the street) we drove past Mission Bay and up to the Mount Soledad National Veteran’s Memorial.

Here we saw a spectacular 360 degree view of San Diego and La Jolla as well as hundreds of plaques honoring fallen and deceased veterans. From there it was down back roads to La Jolla, past some very pretty homes, then on to the Torrey Pines Glider Port. Here we spent about half an hour watching the beautiful and graceful para-

gliders taking off over the cliffs, soaring, and landing right in front of us. What a thrill it must be to go up on one ! After this, most of us drove down the coast past the Torrey Pines Golf Course to the Pacific Ocean and past the Los Penasquitos Lagoon. Lastly we went out to eat lunch at the Urban Plates Restaurant in La Jolla Village Square.

**Mileage goes to:** Valarie Basham +1, Ray & Judy Jo Beardslee, Richard & Janet Books, Stan & Judy Boyer, Fred Crone, John & Diane Frazee, Dave & Betsy Johnson, Gary Karr, Reenlee Kotas, Steve & Nancy Lovell, Ray & Barb Miller, Bob & Carol Weckman, Mark Williamson +1, Paul & Patty Winchester +1 and Ed Woodruff +1. **Participation goes to:** Dave & Kris Francis and Ed Poffenberger.

## UPCOMING TOURS:

### Campo Train & Museum (Saturday, October 21, 2017)

Leave from the El Cajon Target parking lot (250 Broadway in El Cajon) at 8:00am. We'll take train ride on the "Pumpkin Express", starting at 10am, toward the Mexican border and back. Tickets are: Toddlers (under 3 in lap) = \$5, Children (3 to 12) = \$14, Adults (13 to 64) = \$18, and Seniors (65+) = \$15. According to their web-site, reservations for this event are not required. Our club took this tour a number of years ago and due to popular demand are doing it again. After we spend some time looking at the museum we'll go out to lunch at a local restaurant Judy and I found. The sign up sheet will be passed around one last time at the general meeting on Friday, October 13<sup>th</sup>

### Tin Type Photos (Saturday, November 11, 2017)

Leave the El Cajon Target parking lot (250 Broadway in El Cajon) at 8:30am. A maximum of 12 Model A's will be selected (along with some alternates if someone can't go) to drive out to Descanso to have a tin-type photograph taken of their vehicle. The photos take about 15 minutes each (staging and photo shoot). You may dress up in period clothing, if you wish, to be in the picture with your car. There is no cost to the participants and the tin-types will be picked up later and brought to the next general meeting in December. Thanks go to Greg Rising for arranging this tour and for picking up and bringing the processed tin-type photos to the December meeting. Of course, thank you to the doctor who lives in Descanso for taking his time and materials to do this for the people in our club who are selected. We presently have 10 Model A's along with 19 people going. We'll go out to lunch afterward. The sign up sheet will be passed around at the next general meeting to get the 2 remaining cars as well as a few alternates.

## PARADES & Car Displays: Jim Taber

There were no Parades or Car Displays on our calendar for September. So nothing to report or pictures to share.....

Saturday October 28th will be the Halloween "Boo" parade. It starts at 10am and we will meet at the now closed COCO 's on Lake Murray Blvd and Baltimore in La Mesa. It's kind of fun attaching spiders & cobwebs and other Halloween decorations to these old cars. Get those Halloween decorations ready!

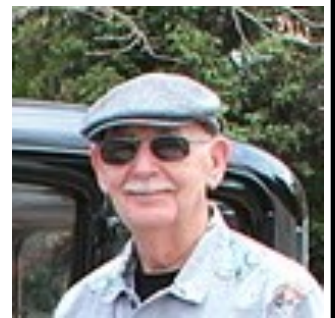

The November 4th, **Gillespie Field Wings & Wheels Display** **has been canceled due to insurance issues.**

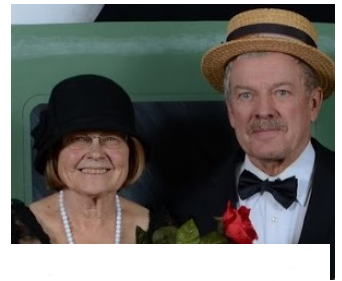

November 5th is the **Fall Back Festival**, more details at the meeting and in the next Quail Call.

## Remembering Fred Dacy

Fred & Barb Dacy joined the club in 2011 and jumped right in with both feet, each of them holding a board position. Fred serviced as Vice President for two years leading us to parades and car displays around the county (now remember they live in Ramona). Fred kept his car running, working on it during the week so he'd be ready for the next parade. Fred had a parade and a car display on the same day in two different locations, and his car was down too. I offered Fred one of my Model A's to drive so that we had the number of cars we need, he was like a kid, so excited to participate. Fred also found a much needed niche at Hansen's garage, he became their unofficial electrical go to guy and many a Model A is sporting one of Fred rebuilt carburetors too. Fred was retired from the San Diego Police Department, motorcycle division. He shared a story with me about a young couple having a rough time while driving one day. He pulled the couple over, talked with them, helping them to resolve their dispute, using a Teddy Bear he saw in their back seat. Things could have ended very differently, if not for Fred stepping in to help, an officer doing his job.. We need more Fred's in the world. Fred's had a couple of years of health issues and we were delighted to drive by their home during a tour last November. Fred passed away on International Model A, while he couldn't be there, his Model A was being driven by new owners Richard & Janet Books. I'm sure he was watching from above. We send our condolences to Barb and the whole family! **There will be an Open House in Memory of Fred's Life on Sat. Oct. 28, 10-4 pm in Ramona.**

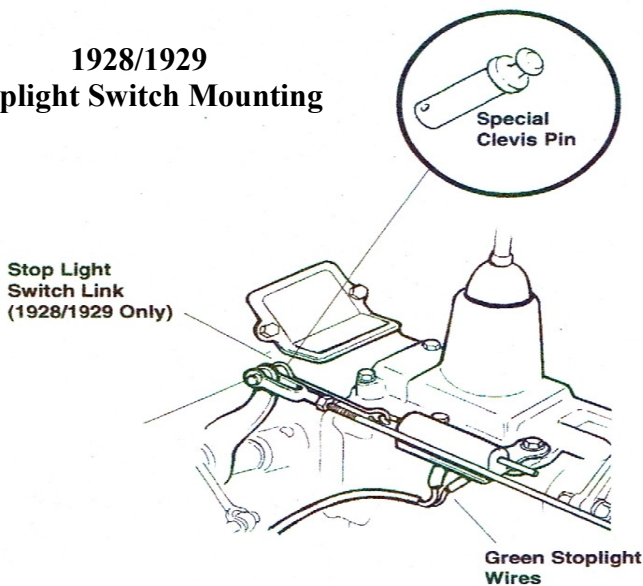

## STOPLIGHT SWITCH

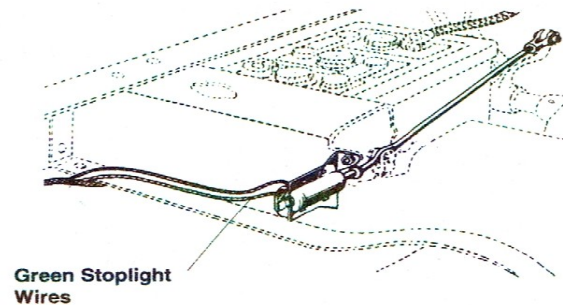

The stoplight switch on the 1928/1929 Model A is mounted on the side of the transmission shifting tower. A special clevis pin is used to attach the brake rod to the pedal. A hook on the stoplight switch pull rod clips over the head of the special clevis pin. When the brake pedal is depressed the short link from the pedal to the switch pulls the switch contacts closed. The mounting holes on the switch are elongated to allow some adjustment in the engagement of the stoplight switch. This switch is not intended as a repairable item, although, tabs on the back side of the cover can be bent up to allow removal of the cover and access to the switch contacts. The two green wires from the main wiring harness are attached to the two (2) screws on the bottom side of the switch.

The stoplight switch on the 1930/1931 Model A is mounted on the back side of the center cross member, just above the brake cross shaft. A special actuating rod from the brake pedal has an extension beyond the cross shaft attaching clevis that keeps the stoplight switch actuating rod pushed in. In this position the switch contacts are held open. Since the switch actuating rod is spring loaded, when the brake pedal is depressed, the brake rod pulls forward, allowing the switch rod to extend out, closing the switch contacts. There is no adjustment for this switch.

**MYSTERY PART:** Identify this Model A part and send an email to Richard Books at: [julianindservice@yahoo.com](mailto:julianindservice@yahoo.com) with your answer or educated guess. Your answer may be the part name or an accurate description. The names of those who correctly identify the part will be placed in a box for a drawing at the next meeting. Remember you must also attend the meeting to receive the \$10 award.

**GOOD LUCK!**

## 1920's and 1930's WOMENS ACCESSORIES

The 1920s was a time of major change for women's fashion, and this did not exclude accessories. As hemlines raised, heels became more visible, making the way for more decorative shoe styles. Hats and headbands also featured bold embellishments inspired by the art deco movement.

With the Great Depression affecting many women during the 1930s, it was less common to buy new clothes. A way to still look glamorous while spending less was investing in accessories. A nice pair of shoes or a new hat could add a pop of panache to just about any look. As with clothing and hair-styles, many women were inspired by what they saw at the cinema. The looks of Carole Lombard, Joan Crawford or Jean Harlow could influence wardrobe choices. (Fashion Gone Rogue-1920's and 1930's Women's Accessories) (Photos from Vintage Dancer)

Many of you ladies have at least some Era Vintage Accessories to bring in and share. If you have brought it in before, bring it in again or bring in another piece or bring in your favorite piece and tell us why.

**NEXT MONTH: Cookbooks and Recipes of the Era.** Please bring any family recipes or cookbooks from that time. Or any favorite family recipes or cookbooks from **any time** that may be interesting to see.

## SUNSHINE & RAINDROPS

It was good to see **Greg Hmielvskie** & his Model A out at the Chula Vista Harborfest in August. He's feeling so much better after finishing up his chemo & radiation treatment, then he had a heart attack. So happy to report he is back to work and feeling great.

**Reen Kotas** was behind the wheel again for International Model A Day. He is feeling stronger after his chemo & radiation treatments. Treatment seemed to do the trick, no surgery at this time and the Dr's will continue to monitor him. He was so happy to be out in the A again.

**Dianne Frazee** is out of her cast & walking boot, taking the navigator position again in the Model A. She might be a little rusty, seems they missed a turn but thanks to Paul W., he took the lead and got them to Mt. Soledad. Good to see you out again Dianne.

**Gene Amy** is home after his hospital stay, felling somewhat better and stronger now. His heart just isn't working like it should. They did a procedure that seems to have helped to get his blood pressure up. Please keep Gene & Barbara in your thoughts and prayers.

## STRAW HATS AND ROLLER COASTERS

During the September 2017 club meeting Patty Winchester, the fashions chairperson featured men's era accessories. Among the items displayed were straw dress hats, one from Arlyn and the other belonging to Fred Crone.

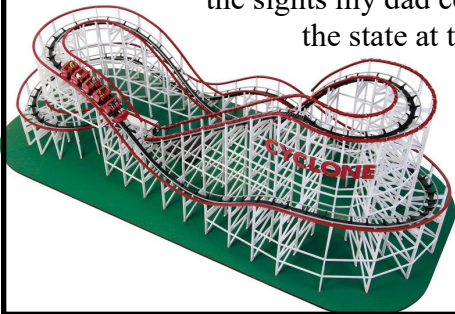

Strange how such an inanimate object can stir up memories from years past.

While still quite young my parents had friends that we socialized with over the years.

The fellow's name was Cloyd but everybody called him "Caddy". He was tall and lanky, with a massive goiter, a quite unassuming guy who always had a chew of tobacco in his bulging cheek, and was seldom seen without a dress straw hat.

On one outing we drove the 70 miles to Hershey Amusement park in my parent's model A. After taking in the sights my dad convinced Caddy to ride the roller coaster, one of the most wicked ones in the state at that time. Against his better judgement he reluctantly agreed. On the first long plunge from the coasters highest point Caddy lost his straw hat, and swallowed his wad of tobacco.

Obviously, he was not feeling well the rest of the day and swore to never ride another roller coaster.

Such cherished memories,  
Bill Corson

## A Halloween Visit to the Graveyard

My Sons are 60 and 61 years of age respectively. They still reminisce about the time they were 10 and 11, and after overhearing them boast about not being afraid of ghost, spooks and goblins, I challenged them to accompany me on a walk through an old cemetery that still had mostly vertical headstone markers.

They were more than willing to show their machoism and take me up on the offer...

On a Halloween night I drove them and four of their school buddies to the site. Just like out of a "B" Frankenstein monster movie the moon was partially obscured by clouds, and the light danced around tree limbs.

Little did they know I had arranged for a friend of mine to be there ahead of time to make moaning sounds, rattle chains, and raise up from behind a tombstone. At that time they forgot everything they had bragged about and headed for the vehicle.

To gain access it was necessary to go over a wire fence. Fortunately it was not barbed-wire because they all got tangled up in it as they made their escape. It was not until many years later they learned how they got "punked" by their Dad.

Lifetime memories are made of silly things like this.
