JUNE 2018

PRESIDENT'S REPORT: Stan Boyer

I'd like to acknowledge several people who participated in the May 11th general meeting. Arlyn Bieber told us about his extensive naval service and then led us in the Pledge of Allegiance. Judy Norman introduced her friend, Bob Jones, who had taken some nice before and after photos of Judy in period dress with her Model A super imposed in era settings. Danny Machado stood in for the Weckmans and did the membership report. Don't forget that Danny is leading us on a tour of John Allison's beautiful "Rolls & Bents" car collection plus lunch on May 26th! A great job was done by several of our male club members in making and serving the treats in honor of Mother's Day. Congratulations to Valarie Basham! She received a very nice, well deserved, award from MARC for her work on our club's publication, the "Quail Call".

May was filled with some very nice parades and car displays and June holds even more. The upcoming MAFCA National Convention in Sparks, Nevada should be a fun event. If you haven't been to a national convention, this will be a wonderful opportunity.

Finally, I'd like to give a shout-out to the hard work that our board members, committee members, and Quail Call editor put in each month in making our club the success that it is. The San Diego Model A Ford Club would not have lasted 55 years without the involvement and participation of these people and those who come on the tours, parades / car displays, and to our general meetings. My heart-felt thanks to all of you past and present.

ONCE AGAIN THE "**QUAIL CALL**" HAS RECEIVED THE
2017 AWARD OF EXCELLENCE FROM MARC

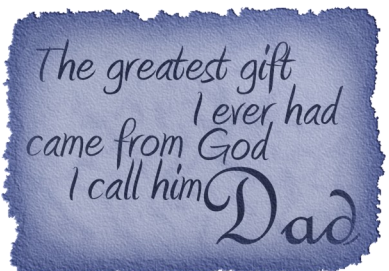

A special THANK YOU to all, who have made contributions of articles, pictures, and stories to make our newsletter one that stands out and is recognized among all the many MARC clubs. You make my job as Editor so much easier.

San Diego, Ca. (619) 527-3443

The San Diego Model A Ford Club was first founded in 1957 by a few dedicated Model A owners. Our purpose is to help preserve the Model A, which was in production by the Ford Motor Company from 1928-1931. Ownership of a Model A is not a requirement for membership in the club. Membership dues are \$30.00 per calendar year. Membership in one of the National Clubs is mandatory (either MARC or MAFCA) and the responsibility of each member. Contact information to join a National Club is listed below:

Rolls Royce's and Bentley Tour May 26, 2018, Led by Danny & Karen Machado

Our tour to the Calumet Collection museum in San Marcos went through San Diego's most prestigious communities of Del Sur, Fairbanks Ranch, Olivehain, Ranch Santa Fe and La Costa. The gated residences, exclusive estates, and horse ranches we amazing, imagine what it would be like to live in a home of 10-20,000 sq. ft., 5-8 bathrooms and 4-6 car garages. Just think of how many Model A's you could add to your collection? Visiting John Allison's collection of Rolls Royce's, Bentley's, Cadillac's and other collectibles only leaves you with ones imagination of John's love for his cars.

After the viewing the cars we all gathered outside for a hot dog bbq lunch followed by root beer floats that were enjoyed by all. Tour Miles go to Bieber's, Lovell's, Boyer's, Reen Kotas, Stelzer's, Winchester's, Miller's, Valarie BASHAM, Clyde Marion, Machado's, and John Frazee; participation to the Weckman's, Peterson's and Nordine El Hafidoun, Dave Huhn and Bob Hanselman.

June Tour is to the MAFCA Convention in Reno/ Sparks NV.

Rolls & Bents Tour

PARADES & Car Displays: Fred Crone

The parade season is now in full swing. On Sat, April 28, we had 17 cars in the Lakeside Western Days Parade. Participants were: Valarie Basham, Jack and Helen Beasley, Allan Bresee, Bill Corson, Fred Crone, Ron and Joyce Engen, Larry and Carolyn Kaiser, Reen Kotas, Steve and Nancy Lovell, Ray Miller, Don and Joan Minnick, Chuck Niemeyer, Vic

and Joyce Patterson, Richard Potts, Dave Sohr, Jim Taber, and Paul and Patty Winchester.

On Friday, May 18, there were 5 cars at the Edgemoor display: Valarie Basham, Dave and Kris Francis, Reen Kotas, Steve and Nancy Lovell, Bud and Judy Swartwood.

On Sat. May 19 we had 5 cars in the Tierrasanta Patriot's Day Parade: Valarie Basham, Stan and Judy Boyer, Fred Crone, Dave and Kris Francis, Reen Kotas, Ray Miller, and Ed Poffenberger. Lunch afterwards at the Studio Diner.

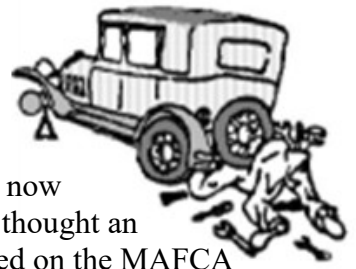

By the time this issue of the Quail Call is out, the Kensington Memorial Day Parade (May 28), will have happened and you can read about it next month.

Up Coming Events: La Mesa Flag parade on Sat. June 2, on Sat, June 2nd. We will meet at the old Coco's parking lot on 5550 Lake Murray Blvd at 8:30 am - parade at 10:00. **The Lantern Crest Display** on Sat., June 9. We will meet at the Target parking lot in El Cajon for a 9:00 departure - show from 10:00 to 1:00. Lunch will be provided and \$200 for the club. On the next Sat., June 16, is the **Ter-race Gardens display** in Escondido. We will meet at

the IHOP at Miramar Rd. and the I-15, unless some people who live north want to go there directly. 9:00 departure, show from 10:00 to 1:00. Lunch and \$100 for the club.

In July we have our usual two "4th" parades - **Scripps Ranch and Mira Mesa.** We will meet at the IHOP at Miramar Rd. and the I-15 for an 8:15 departure - Scripps Ranch starts at 10:00 then on to Mira Mesa. There is the **Descanso Parade** on Sat. July 7, and the **Pine Valley Parade** on Sat. July 28. More details on these later.

There is a new event in July that we have been invited to on the 25th. It's a special display in Balboa Park celebrating "Carousel Day" at the famous carousel from 11:00 to 3:00pm. They want only 5 cars, so we will have to work that out. More details later.

Be Prepared for Touring

Hello everyone. With the tour/parade/display season now upon us, and with some members now preparing their cars for the long trek to the MAFCA Convention in Reno later this month, I thought an appropriate topic for review in June would be the tour preparation information that is detailed on the MAFCA website. Their article contains a comprehensive listing of tools, parts and supplies that serve as a good checklist when preparing your car for a tour. I'm quite certain that the contents of this listing is based upon years of Model A service experience by their membership and in the perfect world, you'd just acquire every item on the list and call it done. However, if you are dealing with space limitations as many of us are, it may be necessary to pare the list down a bit. Being relatively new to the hobby, I find the information I receive from club members regarding their Model A service experiences to be invaluable in terms of trying to plan and assemble a reasonably complete road trip kit.

Based on my research, experience to date, as well as discussions with club members, I'll share a few of my thoughts on the subject. In terms of tool recommendations, assembling as complete a tool kit as possible is a must in my opinion. Beyond what is listed below you may want to consider adding a head lamp and a "quick point gap setter" (Snyder's P/N A-12198). The head lamp frees up your hands to focus on your task, and the gap setter tool eliminates the need to rotate the motor in order to set the point gap. Also, I'm a strong advocate of having an electrical circuit tester in your tool kit. I encountered a problem with our car (not the Model A) at an El Cajon Cruise Night, and having a circuit tester in the tool bag enabled me to quickly troubleshoot and correct the problem.

Although the recommendation in the MAFCA article lists a distributor and carburetor as items to consider for longer trips, I'm of the mind that having serviceable distributor and carburetor assemblies available for all situations is a good course of action. They really don't take up much room, and as some of the members have discussed with me, being disabled on the side of a busy road while trying to replace points and/or condenser on a hot engine is not an enjoyable experience. It is much better to just change out the complete distributor and get underway, and save the detailed distributor troubleshooting/repair work for a more controlled environment. The same philosophy is applicable to the carburetor. Detail distributor and carburetor parts are certainly important elements in your road trip parts kit, but again probably better installed in a controlled environment rather than in a situation where you have cars whizzing past 6 feet away at 60 + MPH.

MYSTERY PART:

Identify this Model A part and send an email to Dave Francis at: C182H@cox.net with your answer or educated guess. Your answer may be the part name or an accurate description. The names of those who correctly identify the part will be placed in a box for a drawing at the next meeting. Remember you must also attend the meeting to receive the \$10 award.

Good luck!

A THANK YOU TO OUR MEN FOR THE MAY MOTHER'S DAY REFRESHMENTS

A big thank you goes out to our men for putting on the May Mother's Day Refreshment break. Judy Jo and I may have been a little worried when we heard noises coming from the guys about pizza and beer, oiled stained linen and car parts. But they came through, as we knew they would (sort of), in quite the style. With lots of chocolate goodies, chocolate candies, strawberries and cream, a basket of flowers as well as faux champagne! The servers even wore their best formal black, and some more colorful, bow ties! It was rumored that one wonderful gentleman baked his very first cake ever and from scratch! With, I'm sure, very little guidance from his wife, his cherry chocolate cake was delightful. He has promised me a copy of the recipe! However, it should be noted, as I gazed at the perfectly cut and evenly squared pieces of cake, I had to ask his wife how they got so even. She confided to me, that he had taken out his ruler, maybe a tape measure(?), and had individually cut and measured each piece. Only a man! But we appreciated it all!!! Thank You for a job well done! We now will be treating you very well to next months Father's Day Refreshment break!!!

Patty Winchester & Judy Jo Beardslee

What Makes A Dad

God took the strength of a mountain,
The majesty of a tree,
The warmth of a summer sun,
The calm of a quiet sea,
The generous soul of nature,
The comforting arm of night,
The wisdom of the ages,
The power of the eagle's flight,
The joy of a morning in spring,
The faith of a mustard seed,
The patience of eternity,
The depth of a family need,
Then God combined these qualities,
When there was nothing more to add,
He knew His masterpiece was complete,
And so, He called it ... Dad

Disappearing Fixtures

Another fixture of modern times that is going the way of gaudy vehicle tail fins, fender skirts and curb finder (feelers), are roof-top Television antennas. At one time they were most prevalent and resembled a forest of metal components atop most buildings. Nowadays the older models are being replaced with cable or dish type apparatus. As frivolity would have it, there was a humorous perspective associated with the older ones such as, while still residing in Long Beach a notice was put out announcing the city was going to host the world's first nude hang-gliding competition. Residents in the area were encouraged to remove their roof-top antennas until the conclusion of the event.

One has to wonder what will be the next thing to fall by the wayside.

Humorous thing that happen along life's way

In my teen years I was a member of a country music band. The fiddle player's wife had just given birth to their first child. During a performance the emcee made an announcement regarding the baby's arrival and asked for the proud father to stand up, at which time four other band members did. OOPS !

Short term memory loss

After a four months hiatus from hearing my coupe's motor hum, (clank), I decided to see if the battery was still holding a sufficient charge to get it started. Although still sitting on jack-stands, I hit the starter and to my delight it fired right up. The feeling of accomplishment was shattered when, after a couple of minutes the engine blubbered to a stop. Much head-scratching, checking connections, and uttering a few curse words later made me finally realize I had not turned on the fuel shut off valve. How soon we forget. Dumb me!
I dare to venture a guess that I am not the only one that has happened to.

What's New at the Museum?

Our Model A Ford Museum was recently blessed by a generous donation from the Bill Edstrom family. This included a total of seven beautifully restored Model A's as well as numerous parts, memorabilia and literature. Bill Edstrom had previously donated a 1929 Taxi, a Wide Bed Pickup, and an original 1930 Fordor Sedan.

The cars donated were:

- Three-1931 A-400's
- One-1931 Roadster
- One-1931 225-A Drop Floor Panel Delivery
- One-1931 Phaeton
- One-1931 Wide Bed Roadster Pickup

During a recent work day at the Museum, two of the A-400's, the Delivery and the Wide Bed Roadster Pickup were added to the museum floor, rotating out some of our other cars to make room. If you haven't been to the museum, please put this on your bucket list, not only to see *our* Model A Ford Museum but the other cars on display at the Gilmore Complex.

Remember, Model A Day is September 15th!
