

College Counseling Services

In addition to our instructional services, Closing The Gaps Learning Services offers assistance and counseling to students throughout the college selection and application process. Counseling services include guidance in identifying post-secondary institutions that are well suited for each student's interests and abilities, locating information and identifying deadlines for prospective schools, establishing a timetable for applications, facilitating completion of college applications, and assistance with composition and revision of college entrance essays. Hourly fees for office consultations, research, and revisions are as follows:
