

CONGRATULATIONS!

If you are planning to fill this form in, it means that you are prepared to take advantage of the 70% discount offered on the first case you send us.

If there are more dentists in your surgery willing to set up separate accounts with us, they can enjoy our first-case discount by printing a FIRST CASE form from our website's DOWNLOAD menu and sending it together with their first impression.

Please complete the following table and enclose it with the labdocket and the impression you are going to send us.

First name	
Surname	
Surgery	
Address	
Postcode	
Email address	
Phone number	

An additional £10 discount will also be applied to your first monthly statement if you recommend us to another dentist.

If you have heard about us from an existing account holder, please let us know so we can allocate the £10 discount to their account.
