

Bedroom Collection

To help you choose, please use our simple style & value guide.

Fitted Wardrobes

Our fitted wardrobes are designed to make the most of your storage. Our range of traditional to contemporary gives you plenty of options to choose from to make your bedroom yours.

Ava

"Representing the best value for money these contemporary bedrooms are constructed using quality doors and drawers that are edged using a tough durable ABS, making them the perfect choice for those wanting a durable and stylish bedroom."

Elise

"Continuing the contemporary theme these bedrooms are a little different. It's the same slab door used in the Ava collection, but this time it is entirely wrapped in a hard wearing foil that creates a seamless edge to all the doors and drawers."

Orla

"Another contemporary themed bedroom with its innovative integral handle design creates a sleek and sophisticated statement."

Ava Plus

"Again, contemporary but these bedrooms have a very modern look to them thanks to the use of luxurious high gloss finish that is exceptionally smooth to the touch. If you want that expensive European look without the expense, then these are the bedrooms for you."

Georgia

"Now we move onto bedrooms for those seeking a more traditional look. Created using elegant panelled doors based on the ever popular shaker design, these are expertly foil enveloped to create a soft matt finish in a choice of colours."

Florence

"Completing the five styles and the most traditional of all the bedrooms, is Florence. A more intricate, delicate look thanks to the use of routed panels and exquisite mouldings. Costing a little more than the other styles, but if you're after a truly traditional look then, wow... these bedrooms are well worth that little extra."

Sliding Wardrobes

Our contemporary sliding wardrobes are the ideal choice for anyone conscious of both their space and style. With three door styles to choose from across two price groups, there is plenty of choice to make your bedroom unique to you.

We specialise in quality bedrooms, bathrooms and kitchens for less. All our furniture is easy to like, easy to buy and easy to fit and once you have one we know you will love it!

Our Bedrooms give you the 'look' you're after, from contemporary high gloss to the more traditional design. Every bedroom we make comes with a reassuring 5 year, no quibble guarantee.

There are many reasons to choose one of our bedrooms.

...here are just eight of them.

Our bedrooms are simple to buy and easy to fit. Take a closer look and you'll find many more reasons to choose a bedroom from us over any other.

1

Our fitted wardrobe doors have five hinges where others only use three or four.

2

While other manufactures drill row upon row of holes filled with plastic caps, we only drill holes where they are needed meaning their wardrobes are great looking on the inside as well.

3

A choice of different plinth heights dependant on range, means you can create a traditional look or something very contemporary.

4

We offer internal lights that are battery operated and only come on when a door or drawer is opened. There is no need to connect to the mains as these lights can be recharged using a simple USB connection and last up to six months.

5

Our furniture is available in ten widths that extend your options. That's far more than anyone else and means every inch of space can be used.

6

We have 15 cabinet finishes that match the doors and drawers. They look as good on the inside as they do on the outside, which is a good sign of a quality manufacturer.

7

Robe fitting look

Our robe units have been carefully designed to offer either:

A contemporary style using either panelling or infill panels fitted flush with door fronts, or a traditional style using cornice with a set back ceiling scribing panel.

8

Internal drawers extend as wide as possible in the unit and use soft close runners and real timber drawer boxes as standard. Why scrimp on quality inside the wardrobe?

More storage than you ever dreamed possible

The biggest benefit of our fitted wardrobes is the de-cluttering and use of every nook and cranny.

As you browse through this brochure you will discover innovative solutions to all those problems of storing your favourite clothes and belongings.

Make the most of wasted space in the corner of the room by using our innovative stable door solution.

Use every inch of space right up to your angled ceiling by letting us create an angled door for you that fits perfectly.

Our full width internal drawers are specially designed not only to soft close on quality runners but to use every inch of space.

Store bulky bedding such as pillows and blankets out of sight by using one of our beautiful linen glazed robe units.

Let us personalise the interior of your wardrobe by using full length hanging, double hanging, internal drawers with shelving all in colour co-ordinated cabinets to match to your chosen door finish.

Clean, sleek and smooth, transforming the most awkward-shaped space into a modern bedroom you can call your own.
