

Bathroom Collection

To help you choose, please use our simple style & value guide.

Price Group One

Representing the best value for money these matt slab and saponetta doors offer a choice of 4 finishes to create a simplistic yet stylish bathroom.

Price Group Two

These bathrooms continue to be contemporary with a choice of luxurious high gloss or textured matt woodgrain doors with an integral pull handle, guaranteed to turn any bathroom into a contemporary haven.

Price Group Three

Completing the offering are 3 beautiful gloss doors each with an integral pull handle available in 3 stylish finishes- if you're after a truly contemporary bathroom then these are where you should be looking.

We specialise in quality bathrooms, bedrooms and kitchens for less. All our furniture is easy to like, easy to buy and easy to fit and once you have one we know you will love it!

Our bathrooms give you the 'look' you're after, from contemporary high gloss to the more traditional design. Every bathroom we make comes with a reassuring 5 year, no quibble guarantee.

There are many reasons to choose one of our bathrooms.

...here are just eight of them.

Our bathrooms are simple to buy and easy to fit. Take a closer look and you'll find many more reasons to choose a bathroom from us over any other.

1

Colour Co-ordinated Cabinets

Our bathrooms have 9 cabinet finishes that co-ordinate with the doors and drawers. They look as good on the inside as they do on the outside, which is a good sign of a quality manufacturer.

2

Glue and dowel construction

A rigid cabinet is a must in a top quality bathroom. Our cabinets are made using glue and dowel construction and each one is made to order meaning only the holes that are required are drilled.

3

Cabinet Benefits

- Rigid 18mm MFC colour co-ordinated cabinets to complement door finishes
- Matching colour co-ordinated 8mm solid cabinet backs
- All exposed edges are finishes in ABS edging
- All cabinets are made to order and hand finished in the UK
- Cabinets are covered by a 5 year manufacturers guarantee

4

Plinth or Wall Hung Option

Our units are supplied with 200mm legs (loose) and wall hanging brackets fitted as standard. This allows a choice for either fitting with a plinth or wall hanging.

5

Internal Features

We use the highest quality internal accessories, in addition all hinges and drawer runners have built in soft close as standard. This ensures soft and silent closing on all bathroom doors and drawers everytime.

6

Ceramicware

We offer an attractive range of basins in either Mineral Cast or Ceramic. With a choice of 26 basins you will be sure to find one perfect for your bathroom.

7

Range of lighting

We offer a wide range of lighting from plinth, mirror and cabinet lighting which adds that finishing touch to your bathroom.

8

Planning

Available in 10 unit widths and 3 standard depths. Planning your bathroom couldn't be easier with one of the most comprehensive selection of cabinet sizes around.

4. Choose your worktop

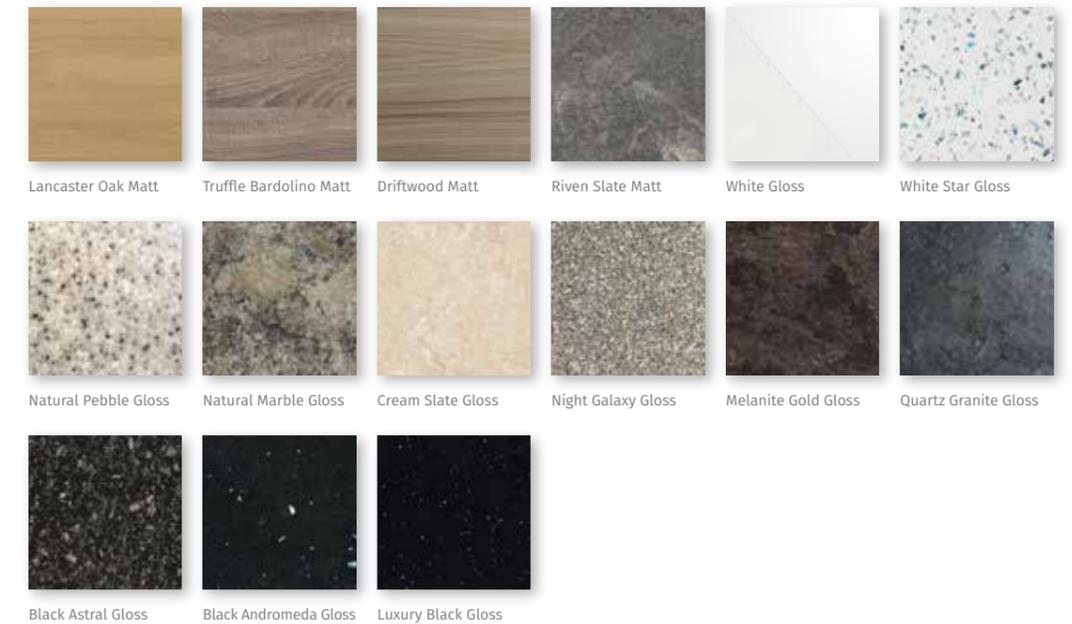

Choosing from a carefully selected collection of worktops provides the essential combination of functional performance and creative flexibility.

Laminate Worktop Selection

30mm thick

Our laminate worktops are made from a high grade laminate material with a 6mm curved front edge and are available in 11 Gloss and 4 Matt finishes. Supplied 30mm thick in two lengths and three depths to complement our range of cabinets.

Solid Surface Composite Worktop Selection

20mm thick

Our solid composite worktops are made from an Acrylic composite material which is impact resistant and water repellent. Solid surface worktops are available in six attractive colours offering the ultimate surface for the bathroom. Supplied in 20mm thick in three lengths and three depths to complement our range of cabinets.

5. Choose your basin & pan

Choosing your basin and pan is very important in the overall look and feel to your bathroom.

Ceramic Basins

We have a variety of ceramic basins to suit all shapes, designs and styles to accommodate individual tastes. Ceramic is the traditional choice when selecting a basin due to its robust quality. It is resistant to shocks and scratches whilst cleaning requires little time and effort.
