

# -Lasata-

In 2016, Lasata became a Not for Profit organization 501c3 (a separate entity from Lasata Farm), to raise funds for scholarships for those in our community and beyond who could benefit from equine-assisted therapies yet struggle financially to fund them. Here at Lasata Farm, we fully embrace the healing power horses naturally possess. We strive to provide an atmosphere of safety, peace, patience and acceptance focusing on healing, growth and learning. Our work is governed by utilizing the horse's innate gifts of non-judgment, profound honesty and their true methods of communication. We believe horses have the potential to significantly impact lives for the greater good.
