I am a trained Early Years trainer, with over 30 years of experience working with young children in a wide variety of settings. I have delivered training workshops on behalf of a number of organisations and education authorities including Surrey, Kent, Berkshire, Bristol, Somerset and Hampshire.

I offer workshops that are 'to the point' and provide strategies that can be easily implemented by practitioners. Attendance certificates is given to each participant.

I also deliver training **workshops to whole staff teams** either at your setting or at a convenient venue. Courses run for staff teams usually have a greater impact on practice as all staff members receive the same information and whole staff workshops are often more cost effective. In addition, for a small fee, I am able to visit your setting for a training consultation visit to enables me to tailor training to the specific needs of your setting.
